DEROGATIONS FROM THE GENERAL IMPLEMENTING RULES

Section 4, '*Specific contractual and administrative conditions*' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the Royal Decree of 14.01.2013 or as a complement or an elaboration thereof.

These tender documents derogate from Art. 25-33 of the General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)"). This is motivated by the need to provide equal opportunity for local and international tenderers to participate with a view to increasing competition.

1 Technical Specifications

1.1 Requirements for the services and the deliverables

1.1 General requirements

The Contractor shall provide the services and the deliverables as specified hereafter by applying a technical methodology, which factors in the following aspects.

1.1.1 Background Information

Enabel, in consortium with partners, is undertaking a project entitled “Response to Increased Environmental Degradation and Promotion of Alternative Energy Sources in Refugee Hosting Districts” -RED (2021-2024), funded by the European Union Emergency Trust Fund for Africa. The project implements activities aimed to increase environmental protection, forest restoration, and improve sustainable energy and alternative livelihoods of displaced populations and their host communities in the districts of Adjumani, Terego, Madi-Okollo, Kiryandongo, and Yumbe. These districts host large numbers of refugees since the 2013 crisis in South Sudan forced nearly 1.5 million to flee their homeland. The project is largely anchored under the Ministry of Water and Environment Refugee Response Plan.

The project addresses two outcomes.

Improved access to sufficient, healthier, sustainable and alternative sources of energy, increased capacity to construct and maintain these, decreased dependence on energy from unsustainable and unregulated sources for households;

Energy, environment and climate action programming, coordination and capacity is strengthened at district local government and sub-county levels.

OBJECTIVE

To build capacity of the sub county leadership and refuge leaders in some of the projects areas on pathways to better manage and coordinate environment protection and train the energy and private sector players and civil society organizations (CSOs) on best practices for natural resource use and management.

1.1.1 Tasks

Different tasks are expected to be executed by the consultant as shown below;

- i. Task one: producing an inception report. The inception report shall provide the training materials (slides, video clips etc), methods to apply and training timelines
- ii. Task Two: Training of the Leju town council technical & political leadership (in Terego district) on the use and application of the developed Leju waste management plan (including leaders from the Invepi settlement, CSOs and private sector players in energy, environment and climate change).

The political and technical leaders in the subcounty along with refugee welfare council leaders at level three, civil society organisations and private players in energy and environment will be trained in the use and application of the waste management plan developed by RED project. Atleast 35 leaders from the subcounty level, 5 from refugee leadership, 5 from CSOs, and 5 from private sector players will be trained.

- iii. Task three: Training of Bileafe sub county technical & political leadership (in Terego district) on the two bylaws developed and their application to serve wider environment and climate change interests in the sub county (including the local leaders from surrounding refugee settlements, CSOs and private sector players in energy, environment and climate change). The political and technical leaders in the subcounty along with refugee welfare council leaders at level three, civil society organisations and private players in energy and environment will be trained in the use and application of the waste management plan developed by RED project. Atleast 35 leaders from the subcounty level, 5 from refugee leadership, 5 from CSOs, and 5 from private sector players will be trained.
- iv. Task four: Training of Mutunda sub county technical & political leadership (in Kiryandongo district) on the two bylaws developed and their application to serve wider environment and climate change interests in the sub county (including the local leaders from surrounding refugee settlements, CSOs and private sector players in energy, environment and climate change). The political and technical leaders in the subcounty along with refugee welfare council leaders at level three, civil society organisations and private players in energy and environment will be trained in the use and application of the waste management plan developed by RED project. Atleast 35 leaders from the subcounty level, 5 from refugee leadership, 5 from CSOs, and 5 from private sector players will be trained.
- v. Task five: Training of the Pawor sub county leadership, energy and environment Private sector players and CSOs on the use and application of the developed Pawor sub county (Madi-Okollo district) in environment Action Plan.
The political and technical leaders in the subcounty along with refugee welfare council leaders at level three, civil society organisations and private players in energy and environment will be trained in the use and application of the waste management plan developed by RED project. Atleast 35 leaders from the subcounty level, 5 from refugee leadership, 5 from CSOs, and 5 from private sector players will be trained.
- vi. Task six: Conduct Training sessions for the sub county local courts staff (in Leju Town council, Bileafe sub county -Terego, Pawor sub county – Madi-Okollo & Mutunda Sub county – Kiryandongo on details of the local laws developed by RED Project to support the administration of justice in climate agenda. These will include the respective five members that form the subcounty local court at a given subcounty level. The courts members play a big role in justice administration and therefore ought to understand the context of the bylaws in place.
- vii. Consolidate the learnings and challenges for future actions. The learnings and challenges will be those that can be used in future programming of future projects.

1.1.2 Deliverables

The following type of deliverables are envisaged in relation to each task

- i. Inception report with execution timelines;
- ii. Training report on waste management plan
- iii. Training report on Bileafe subcounty two bylaws
- iv. Training report on Mutunda subcounty two bylaws
- v. Training report on Pawor subcounty environment action plan

- vi. Training report on details and administration of justice by subcounty local council courts
- vii. Consolidated training report with learnings and challenges for future action

1.1.3 Quality management

The Contractor shall ensure quality management through continuous monitoring of the satisfaction of those involved in all aspects of the activities. This monitoring shall take a quality assurance (QA) approach and collect information on the service provider's conduct in implementing the activities. This QA approach shall be based on the following principles: Collect data systematically; Report these data; Enable timely action on the data, at the appropriate level.

The tenderer shall indicate in the proposal the quality safeguards to ensure that the process and products of the tasks satisfy the requirements of Enabel as established in the tender document. The tenderer shall ensure that the processes are stakeholder focused, that there is experts' involvement, activity processes are documented, and that there is consideration of stakeholder voices and adoption of continuous improvement till the end of the assignment

The Contracting Authority shall closely monitor the content, methodology and implementation of the activities to ensure that the desired level is met. The Contracting Authority shall also perform its own independent evaluation of the services during and after implementation, to assess the level of the quality of services provided, the experts' capacity, and participants' satisfaction. The Contracting Authority will communicate the outcomes of the evaluation sessions to the Contractor and, if necessary, will ask for actions to be taken.

1.1.4 Project Management

A kick off meeting will take place in Kampala at the start of the performance. The kick off meeting shall take place in Kampala physically or virtually at the start of the performance. The aim shall be for the contractor to discuss with the Contracting Authority the general implementation of the project, the work plan and the communication with the project management team and to clarify to the Contractor the roles and responsibilities of the Contracting Authority during the implementation. The tenderer will provide additional aspects that could be discussed at inception level, related to planning, implementation and monitoring. These aspects could include risk, coordination and deliverables management.

As required, ad hoc meetings and conference calls will be scheduled and organised by the Contractor during the implementation of a given service request. Prior to each of these meetings/ conference calls the Contractor will submit to the Contracting Authority a brief summary of any specific points that need to be discussed.

The Contractor shall be required to reply to all queries from the Contracting Authority within five (5) working days, unless agreed otherwise.

The management and control of the performance of the contract are entrusted the Project Intervention Manager. She will also act as the direct counterpart for the service provider. All deliverables will be submitted for approval and endorsement to Intervention Manager. Other Enabel staff can be engaged and provide inputs at key strategic moments in the implementation process. The intervention manager will coordinate this.

1.1.5 Location of the services

The assignment shall be carried out at the following town council & sub counties:

Sub county (SC)/Town council (TC)	District

General Implementing Rules (GIR): Rules laid down in the Royal Decree of 14.01.2013 establishing the General Implementing Rules for public procurement contracts and for concessions for public works;

The Tender Specifications (Cahier spécial des charges/CSC): This document and its annexes and the documents it refers to;

Corrupt practices: The offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a procurement contract or performance of a procurement contract already concluded with the contracting authority;

Litigation: Court action.

Subcontractor in the meaning of public procurement regulations: The economic operator proposed by a tenderer or contractor to perform part of the contract. The subcontractor is understood as the economic operator with the capacity which the applicant or tenderer relies upon or to whom he entrusts all or part of his engagements.

Controller in the meaning of the GDPR: the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.

Sub-contractor or processor in the meaning of the GDPR: a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller.

Recipient in the meaning of the GDPR: a natural or legal person, public authority, agency or another body, to which the personal data are disclosed, whether a third party or not.

Personal data: any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2.6 Processing of personal data by the contracting authority and confidentiality

2.6.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

2.6.2 Confidentiality

The tenderer or contractor and Enabel are bound to secrecy vis-à-vis third parties with regards to any confidential information obtained within the framework of this public contract and will only divulge such information to third parties after receiving the prior written consent of the other party. They will disclose this confidential information only among appointed parties involved in the assignment. They guarantee that said appointed parties will be adequately informed of their obligations in respect of the confidential nature of the information and that they shall comply therewith.

PRIVACY NOTICE OF ENABEL: Enabel takes your privacy serious. We undertake to protect and process your personal data with due care, transparently and in strict compliance with privacy protection legislation.

See also: <https://www.enabel.be/content/privacy-notice-enabel>

2.7 Deontological obligations

Any failure to comply with one or more of the deontological clauses may lead to the exclusion of the candidate, tenderer or contractor from other public procurement contracts for Enabel.

For the duration of the procurement contract, the contractor and his staff respect human rights and undertake not to go against political, cultural or religious customs of the beneficiary country. The tenderer or contractor is bound to respect fundamental labour standards, which are internationally agreed upon by the International Labour Organisation (ILO), namely the conventions on union freedom and collective bargaining, on the elimination of forced and obligatory labour, on the elimination of employment and professional discrimination and on the abolition of child labour.

In accordance with Enabel's Policy regarding sexual exploitation and abuse, the contractor and his staff have the duty to behave in an irreproachable manner towards the beneficiaries of the projects and towards the local population in general. They must abstain from any acts that could be considered a form of sexual exploitation or abuse and they must abide by the basic principles and guidelines laid down in this policy.

Any attempt of a candidate or a tenderer to obtain confidential information, to proceed to illicit arrangements with competitors or to influence the evaluation committee or the contracting authority during the investigation, clarification, evaluation and comparison of tenders and candidates procedure will lead to the rejection of the application or the tender.

Moreover, in order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the contractor to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to agents of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

The contractor of the procurement contract commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure. Depending on the gravity of the facts observed, the contractor having paid unusual commercial expenditure is liable to have its contract cancelled or to be permanently excluded from receiving funds.

In accordance with Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management complaints relating to issues of integrity (fraud, corruption, etc.) must be sent to the Integrity desk through the <https://www.enabelintegrity.be> website.

2.8 Applicable law and competent courts

The procurement contract must be performed and interpreted according to Belgian law.

The parties commit to sincerely perform their engagements to ensure the good performance of this procurement contract.

In case of litigation or divergence of opinion between the contracting authority and the contractor, the parties will consult each other to find a solution.

If agreement is lacking, the Brussels courts are the only courts competent to resolve the matter.

3 Modalities of the contract

3.1 Type of contract

This procurement contract is a direct services contract.

3.2 Scope of the contract

3.2.1 Subject-matter

The subject of the contract is the provision of consultancy Services to Train the Relevant Actors in the Use of the Guidelines and Tools Developed by RED Project

3.2.3 Items

The procurement contract of this procurement contract consists of the items stated in the technical specifications.

These items are pooled and form one single procurement contract. It is not possible to tender for one or several items and the tenderer must submit price quotations for all items of the procurement contract

3.2.4 Variants

Each tenderer may submit only one tender. Variants are forbidden.

3.5 Duration of the contract

The procurement contract starts the day following the date of the kick off meeting and last for five (5) months. The implementation/performance days are 52 working days spread within five (5) months

4 Special contractual provisions

This chapter of these Tender Specifications holds the specific provisions that apply to this public procurement contract as a derogation of the 'General Implementing Rules for public procurement contracts and for public works concessions' of the Royal Decree of 14 January 2013, hereinafter referred to as 'GIR', or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the GIR articles. Unless indicated, the relevant provisions of the General Implementing Rules (GIR) apply in full.

4.1 Managing official (Art. 11)

The managing official is Mrs. Elizabeth Nkwasire, e-mail: elizabeth.nkwasire@enabel.be

Once the procurement contract is concluded, the managing official is the main contact point for the service provider. Any correspondence or any questions with regards to the performance of the procurement contract will be addressed to him/her, unless explicitly mentioned otherwise in these Tender Specifications.

The managing official is responsible for the follow-up of the performance of the contract.

The managing official is fully competent for the follow-up of the satisfactory performance of the procurement contract, including issuing service orders, drawing up reports and states of affairs, approving the services, progress reports and reviews. (S)he may order any modifications to the procurement contract with regards to its subject-matter provided that they remain within its scope.

However, the signing of amendments or any other decision or agreement implying derogation from the essential terms and conditions of the procurement contract are not part of the competence of the managing official. For such decisions the contracting authority is represented as stipulated under The contracting authority.

Under no circumstances is the managing official allowed to modify the terms and conditions (e.g. performance deadline) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement that deviates from the conditions in the Tender Specifications and that has not been notified by the contracting authority, will be considered null and void.

4.2 Subcontractors (Art. 12 to 15)

The fact that the contractor entrusts all or part of his commitments to subcontractors does not relieve him of liability to the contracting authority. The latter does not recognise any contractual relation with third parties.

The contractor remains, in any case, solely liable to the contracting authority.

The service provider commits to having the procurement contract performed by the persons indicated in the tender, except for force majeure. The persons mentioned or their replacements

are all deemed to effectively be involved in the performance of the procurement contract. Any replacements must be approved by the contracting authority.

When the contractor uses a subcontractor to carry out specific processing activities on behalf of the contracting authority, the same data protection obligations as those of the contractor are imposed on that subcontractor by contract or any other legal act.

In the same way, the contractor will respect and enforce to his subcontractors, the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation, GDPR). The contracting authority may conduct an audit of the processing carried out in order to validate compliance with this legislation.

4.3 Confidentiality (art. 18)

The knowledge and information gathered by the tenderer under the framework of this public contract is strictly confidential.

Under no circumstances can the information collected, regardless of its origin and nature, be transferred to third parties in any form.

The tenderer is therefore bound by the duty of discretion.

In accordance with Article 18 of the Royal Decree of 14 January 2013 establishing the general rules for public procurement, the tenderer undertakes to consider and process in a strictly confidential manner any information, all facts, any documents and/or any data, whatever their nature and support, which have been communicated to him, in any form and by any means, or to which he has access, directly or indirectly, in the context or on the occasion of this public contract. Confidential information covers, in particular, the very existence of this public contract, without this list being limited.

Therefore, he undertakes to:

- Respect and enforce the strict confidentiality of these elements and to take all necessary precautions in order to preserve their secrecy (these precautions cannot in any case be inferior to those taken by the tenderer for the protection of his own confidential information);
- Consult, use and/or exploit, directly or indirectly, all of the above elements only to the extent strictly necessary to prepare and, if necessary, to carry out this public contract (particularly in accordance with the privacy legislation with respect to personal data processing);
- Not reproduce, distribute, disclose, transmit or otherwise make available to third parties the above elements, in whole or in part, and in any form, unless having obtained prior and written consent of the contracting authority;
- Return, at the first request of the contracting authority, the above elements;
- In general, not disclose directly or indirectly to third parties, whether for advertising or any other reason, the content of this public contract.

4.4 Protection of personal data

4.4.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

4.4.2 PROCESSING OF PERSONAL DATA BY A CONTROLLER (RECIPIENT)

During contract performance, the contractor may process personal data of the contracting authority or in execution of a legal obligation.

For any processing of personal data carried out in connection with this public contract, the contractor is required to comply with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the contractor will each be responsible, individually, for the processing.

4.5 Intellectual property (Art. 19 to 23)

The contracting authority does not acquire the intellectual property rights created, developed or used during performance of the procurement contract.

Without prejudice to clause 1 and unless otherwise stipulated in the procurement documents, when the subject-matter of the procurement contract consists of the creation, manufacture or the development of designs or of logos, the contracting authority acquires the intellectual property thereof, as well as the right to trademark them, to have them registered and to have them protected.

For domain names created under the procurement contract, the contracting authority also acquires the right to register and protect them, unless otherwise stipulated in the procurement documents.

When the contracting authority does not acquire the intellectual property rights, it obtains a patent licence of the results protected by intellectual property law for the exploitation modes that are mentioned in the procurement documents.

The contracting authority lists the exploitation modes for which it intends to obtain a licence in the procurement documents.

4.6 Performance bond (Art. 25 to 33)

For this procurement contract no performance bond is required.

4.7 Conformity of performance (Art. 34)

The works, supplies and services must comply in all respects with the procurement documents. Even in the absence of technical specifications in the procurement documents, the works, supplies and services must comply in all aspects with good practice.

4.8 Changes to the procurement contract (Art. 37 to 38/19)

4.8.1 Replacement of the contractor (Art. 38/3)

Provided that he meets the selection and exclusion criteria set out in this document, a new contractor may replace the contractor with whom the initial procurement contract was agreed in cases other than those provided for in Art. 38/3 of the General Implementing Rules (GIR).

The contractor submits his request as quickly as possible by registered post, stating the reasons for this replacement and providing a detailed inventory of the state of supplies and services already performed, the new contractor's contact details and the documents and certificates which the contracting authority cannot access free of charge.

The replacement will be recorded in an amendment dated and signed by all three parties. The initial contractor remains liable to the contracting authority for the performance of the remainder of the procurement contract.

4.8.2 Adjusting the prices (Art. 38/7)

For this procurement contract, price reviews are permitted.

To calculate the price revision, the following formula applies:

$$P_r = P_o \left(\frac{I_r}{I_o} \right)$$

where:

P_r = Price after revision

P_o = Price quoted in the tender

I_o = Index for the month in which the framework Contract (FWC) enters into force;

I_r = Index for the month in which the request to revise prices is received

This revision shall be determined by the trend in the harmonized consumer price index published by the Uganda Bureau of Statistics (UBOS) Database for the applicable index appropriate for the industry.

The price revision may only be applied if the price increase or decrease following the request or if the price revision request amounts to at least 3% of the price quoted in the tender (for the first price revision) or of the last price revised or imposed (as of the second price revision). The total revision under this clause shall be subject to a ceiling of plus or minus 10% of the price quoted in the tender

4.8.3 Indemnities following the suspensions ordered by the contracting authority during performance (Art. 38/12)

The contracting authority reserves the right to suspend the performance of the procurement contract for a given period, mainly when it considers that the procurement contract cannot be performed without inconvenience at that time.

The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance will be agreed.

When activities are suspended, based on this clause, the contractor is required to take all necessary precautions, at his expense, to protect the services already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other malicious acts. The contractor has a right to damages for suspensions ordered by the contracting authority when:

- The suspension lasts in total longer than one twentieth of the performance time and at least ten working days or two calendar weeks, depending on whether the performance time is expressed in working days or calendar days;
- The suspension is not due to unfavourable weather conditions;
- The suspension occurred during the contract performance period.

Within thirty days of their occurrence or the date on which the contractor or the contracting authority would normally have become aware of them, the contractor reports the facts or circumstances succinctly to the contracting authority and describes precisely their impact on the progress and cost of the procurement contract.

4.8.4 Unforeseen circumstances

As a rule, the contractor is not entitled to any modification of the contractual terms due to circumstances of which the contracting authority was unaware.

A decision of the Belgian State to suspend cooperation with a partner country is deemed to be unforeseeable circumstances within the meaning of this article. Should the Belgian State break off or cease activities which implies therefore the financing of this procurement contract, Enabel will do everything reasonable to agree a maximum compensation figure.

4.9 Preliminary technical acceptance (Art. 42)

The contracting authority reserves the right to demand an activity report at any time of the assignment to the service provider (meetings held, persons met, institutions visited, summary of results, problems encountered and unresolved issues, deviations from the planning and deviations from the ToR...).

4.10 Performance modalities (Art. 146 et seq.)

4.10.1 Deadlines and terms (Art. 147)

The contract duration is 150 calendar days. The actual implementation days are 41 calendar days. The closure of the service provider's business for annual holidays is not included in this calculation.

4.10.2 Place where the services must be performed and formalities (Art. 149)

The consultancy shall be carried out at the contractor's office with field work in the respective project areas or any other suitable place as determined Enabel.

4.11 Inspection of the services (Art. 150)

If during contract performance irregularities are found, the contractor will be notified about this immediately by fax or e-mail, which will be confirmed consequently by registered letter. The contractor is bound to perform the non-complying services again.

The service provider advises the managing official by registered post or e-mail showing the exact date of dispatch, at which date the services can be controlled.

4.12 Liability of the service provider (Art. 152-153)

The service provider takes the full responsibility for mistakes and deficiencies in the services provided.

Moreover, the service provider indemnifies the contracting authority against damages for which it is liable towards third parties due to late performance of the services or due to failure of the service provider.

4.13 Zero tolerance Sexual exploitation and abuse

In application of Enabel's Policy regarding sexual exploitation and abuse of June 2019 there will be zero tolerance towards any misconduct that could impact the professional credibility of the tenderer.

4.14 Means of action of the contracting authority (Art. 44-51 and 154155)

The service provider's default is not solely related to services as such but also to the whole of the service provider's obligations.

In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the service provider to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

In case of violation, the contracting authority may impose a lump-sum fine to the service provider for each violation, which can be to up to three times the amount obtained by adding up the (estimated) values of the advantage offered to the employee and of the advantage that the contractor hoped to obtain by offering the advantage to the employee. The contracting authority will decide independently about the application and the amount of this fine.

This clause is without prejudice to the possible application of other measures as of right provided in the GIR, namely the unilateral termination of the procurement contract and/or the exclusion of procurement contracts of the contracting authority for a determined duration.

4.14.1 Failure of performance (Art. 44)

§1 The contractor is considered to be in failure of performance under the procurement contract:

1° when the delivery is not carried out in accordance with the conditions specified in the procurement documents;

2° at any time, when the delivery has not progressed in such a way that it can be fully completed on the due dates;

3° when he does not observe written orders, which are given in due form by the contracting authority.

§2 Any failure to comply with the provisions of the procurement contract, including the non observance of orders of the contracting authority, is recorded in a report ('process verbal'), a copy of which will be sent immediately to the contractor by registered mail.

The contractor must repair the defects without any delay. He may assert his right of defence by registered letter addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed as acknowledgement of the reported facts.

Any defects detected that can be attributed to the contractor render him liable to one or more of the measures provided for in Articles 45 to 49, 154 and 155.

4.14.2 Fines for delay (Art. 46 and 154)

Tender Specifications – Procurement reference number

The fines for delay differ from the penalties referred to in Article 45. They are due, without the need for notice, by the mere lapse of the performance term without the issuing of a report and they are automatically applied for the total number of days of delay.

Without prejudice to the application of fines for delay, the contractor continues to guarantee the contracting authority against any damages for which it may be liable to third parties due to late performance of the procurement contract.

4.14.3 Measures as of right (Art. 47 and 155)

§1 When, upon expiry of the term given in Article 44, §2, the contractor has not taken action or has presented means deemed unjustified by the contracting authority, the contracting authority may apply the measures as of right described in paragraph 2.

However, the contracting authority may apply measures as of right without waiting for the expiry of the term given in Article 44, §2, when the contractor has explicitly recognised the defects found. §2 The measures as of right are:

1° Unilateral termination of the procurement contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;

2° Performance under regie of all or part of the non-performed procurement contract;

3° Conclusion of one or more replacement procurement contracts with one or more third parties for all or part of the procurement contract remaining to be performed.

The measures referred to in 1°, 2° and 3° will be taken at the expense and risk of the defaulting contractor. However, any fines or penalties imposed during the performance of a replacement procurement contract will be borne by the new contractor.

4.15 End of the procurement contract

4.15.1 Acceptance of the services performed (Art. 64-65 and 156)

The managing official will closely follow up the services during performance.

The services will not be accepted until after fulfilling audit verifications, technical acceptance and prescribed tests.

The contracting authority disposes of a verification term of thirty days starting on the final or partial end date of the services, set in conformity with the modalities in the procurement documents, to carry out the acceptance formalities and to notify the result to the service provider. This term commences provided that the contracting authority possesses, at the same time, the list of services delivered or the invoice. Upon expiry of the thirty-day term following the date stipulated for completion of the entirety of the services, depending on the case, an acceptance report or a refusal of acceptance report will be drawn up.

Where the services are completed before or after this date, it is the responsibility of the service provider to notify the managing official by registered letter, and at the same time to ask for the acceptance procedure to be carried out. Within thirty days after the date of receipt of the service provider's request, an acceptance or a refusal of acceptance report will be drawn up, depending on the case.

The acceptance specified above is final.

4.15.3 Invoicing and payment of services (Art. 66 to 72 – 160)

The contractor sends (one copy only of) the invoices and the contract acceptance report (original copy) to the following address:

Muyiyi Peter
Financial Controller
peter.muyiyi@enabel.be
Enabel in Uganda

Only services that have been performed correctly may be invoiced.

The contracting authority disposes of a verification term of thirty days starting on the end date for the services, set in conformity with the modalities in the procurement documents, to carry out the technical acceptance and provisional acceptance formalities and to notify the result to the service provider.

When the procurement documents do not provide for any separate debt claim, the invoice will constitute the debt claim.

The invoice must be in EUROS.

Costs and Payment Schedule

The fees will be disbursed as follows:

Deliverable	Percentage of payment
Inception Report	20%
Training report on Task two, three, four, five & six	60%
consolidated training report	20%
TOTAL	100%

Advance payment:

By way of derogation from the foregoing, and in accordance with Articles 12/1 to 5 of the Law of 17 June 2016, inserted by the Law of 22 December 2023 amending the regulations relating to public contracts with a view to promoting access by SMEs to the said contracts, the contracting authority shall pay an advance when the successful tenderer proves to be an SME within the meaning of Article 163, § 3, subparagraph 2, of the Law of 17 June 2016.

The amount of the advance payment is calculated by applying the following percentages to a reference value determined in accordance with Article 12/5 of the Law of 17 June 2016:

1° if the successful tenderer is a micro-enterprise, i.e. an enterprise that employs fewer than ten (10) people and whose annual turnover or annual balance sheet total does not exceed two million euros (2M euro), the percentage to be taken into account is twenty per cent (20%);

2° if the successful tenderer is a small business, i.e. a business that employs fewer than fifty (50) people and whose annual turnover or annual balance sheet total does not exceed ten million euros (10M euro), the percentage to be taken into account is ten per cent (10%);

3° where the successful tenderer is a medium-sized company, i.e. a company employing fewer than two hundred and fifty (250) people and whose annual turnover does not exceed fifty million euros (50M euro) or whose annual balance sheet total does not exceed forty-three million euros (43M euro), the percentage to be taken into account is five per cent (5%).

According to Article 12/5 of the Law of 17 June 2016, the reference value relevant for calculating the advance in a framework agreement is equal to the amount of each order, including all taxes.

The first half of the advance shall be set off against the sums due to the contractor when the value of the services performed reaches thirty per cent of the original order amount and the second half of the advance shall be set off against the sums due to the contractor when the value of the services performed reaches sixty per cent of the original order amount. The aforementioned amounts shall be understood as amounts inclusive of value-added tax.

The supplier must provide an advance bank guarantee prior to any advance payment.

The amount of the advance will be deducted from the final invoice of each order.

No advance will be paid when implementation duration of an order is less than 60 days.

4.16 Litigation (Art. 73)

The competent courts of Brussels have exclusive jurisdiction over any dispute arising from the performance of this procurement contract. French or Dutch are the languages of proceedings.

The contracting authority will in no case be held liable for any damage caused to persons or property as a direct or indirect consequence of the activities required for the performance of this procurement contract. The contractor indemnifies the contracting authority against any claims for compensation by third parties in this respect.

In case of 'litigation', i.e. court action, correspondence must (also) be sent to the following address:

Enabel, public-law company

Legal unit of the Logistics and Acquisitions service (L&A) To the attention of Mrs Inge Janssens
rue Haute 147

1000 Brussels

Belgium

5 Procurement procedure

Considering article 14, §2, 1° of the law of June 17, 2016 relating to public procurement, it would not be appropriate to impose the obligation to use electronic means of communication referred to in article 14, § 7, of the law.

The nature of the public contract in question is such that national or regional economic operators do not have equal access to the requirements linked to the use of the Belgian federal “e-Procurement” platform. The technical characteristics can therefore be discriminatory and can restrict the access of economic operators to the procurement procedure, in particular, in terms of speed and quality of the internet connection, as well as the quality of the electricity transport network.

In addition, the particular forms provided by this platform from the point of view of electronic signature are not yet compatible with the ICT generally used.

5.1 Type of procedure

This is a Negotiated Procedure without Prior Publication in application of Article 42 of the Law of 17 June 2016.

5.2 Publication

3.2.1 Enabel publication

This procurement contract is published on the Enabel website <https://www.enabel.be/content/enabel-tenders>

5.3 Information

The awarding of this procurement contract is coordinated by the Contract Service Centre of Enabel in Uganda. Throughout this procedure all contacts between the contracting authority and the (prospective) tenderers about this procurement contract will exclusively pass through this service. (Prospective) tenderers are prohibited to contact the contracting authority in any other way with regards to this contract, unless otherwise stipulated in these Tender Specifications.

Until 10th/05/2024 inclusive, candidate-tenderers may ask questions about these Tender Specifications and the procurement contract. Questions will be in writing to UGA_CSC_CONTRACTS@enabel.be with copy to proscovia.angom@enabel.be with a clear indication in the subject of the e-mail of the procedure reference and the contract title. They will be answered in the order received. The complete overview of questions asked will be available at the address mentioned above as soon as available.

Until the notification of the award decision no information will be given about the evolution of the procedure.

The tenderer is supposed to submit his tender after reading and taking into account any corrections made to the contract notice or the Tender Specifications that are published in the Belgian Public Tender bulletin or that are sent to him by e-mail. To do so, when the tenderer

has downloaded the Tender Specifications, it is strongly advised that he gives his coordinates to the public procurement administrator mentioned above and requests information on any modifications or additional information.

In accordance with Article 81 of the Royal Decree of 18 April 2017, the tenderer is required to report immediately any gap, error or omission in the procurement documents that precludes him from establishing his price or compare tenders, within ten days at the latest before the deadline for receipt of tenders.

5.4 Preparation and Submission of Tenders

Preparation of tenders

The tenderer shall prepare separately, the administrative, technical and financial proposals as explained below;

Content of tenders

The tenderer must use the tender form in annexe. In case he does not use this form, he is fully responsible for the perfect concordance between the documents he has used and the form.

The tender and the annexes to the tender form are drawn up in English.

By submitting a tender, the tenderer automatically renounces to his own general or specific sales conditions, even if these are mentioned in any of the annexes to his tender.

The tenderer clearly designates in his tender which information is confidential and/or relates to technical or business secrets and may therefore not be divulged by the contracting authority.

The tender shall contain the following parts:

1. Administrative Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

The Administrative proposal shall respect the following structure:

- Legal identification form
- Financial Identification Form
- Subcontractor form
- Exclusion Criteria Form
- Integrity form
- Technical capacity form
- Financial capacity form
- Articles of Association

The successful tenderer shall be required to provide the following documents;

- Tax Clearance Certificate (e.g.; URA, as applicable)
- Social Security Contribution Clearance (e.g. NSFF as applicable)
- An extract from the criminal record in the name of the tenderer (legal person) or his representative (natural person) if there is no criminal record for legal persons (ex. certificate of good conduct from Interpol);

2. Technical Proposal

The technical proposal may be presented in free format. It shall not exceed ten pages, not counting the CVs. It shall respect the following page limit and structure:

- Technical methodology (max. 6 pages)
- V and quality management (max. 4 page)

3. Financial Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

Determination of prices

All prices given in the tender form must obligatorily be quoted in EUROS.

This procurement contract is a price-schedule contract, i.e. a contract in which only the unit prices are lump-sum prices. The price to be paid will be obtained by applying the unit prices mentioned in the inventory to the quantities actually performed.

In accordance with Article 37 of the Royal Decree of 18 April 2017, the contracting authority may for the purpose of verifying the prices carry out an audit of any and all accounting documents and an on-site audit to check the correctness of the indications supplied.

Elements included in the price

The service provider is deemed to have included in his unit and global prices any charges and taxes generally applied to services, with the exception of the value-added tax.

The following are in particular included in the prices:

The administrative management and secretariat;

Travel, transportation and insurance;

Documentation pertaining to the services;

The delivery of documents or of pieces related to the performance;

The packaging;

Training required for operation;

Where applicable, the measures imposed by occupational safety and worker health legislation;

Customs and excise duties for equipment and products used;

Validity of tenders

The tenderers are bound by their tender for a period of 90 calendar days from the reception deadline date.

The validity of the tender will be negotiated, if the deadline stated above is overrun.

5.4.2 Submission of tenders

Without prejudice to any variants, the tenderer may only submit one tender only per procurement contract

The duly completed and signed tender shall be submitted only by e-mail to; uga_csc_tenders@enabel.be

It shall be submitted only as e-mail attachments and not via a link to a platform. The files shall be clearly named and structured and submitted in a compressed zip folder. The tenderer is solely responsible for the accessibility and legibility of files. The tenderer shall not submit at the last minute. Untimely submission, incomplete submission or indirect submission of documents that are inaccessible or illegible may lead to the rejection of the tender.

The tenderer shall submit separately, the administrative, technical and financial proposals in the email. In case they exceed 6MB, then the tenderer submits separate emails clearly indicating 'Administrative, technical or Financial proposal'.

The subject of the e-mail shall clearly mention the procurement reference number and the contract title, as stated on the cover page of the tender specifications, as well as the name of tenderer.

The final date and time for receiving tenders is **7th June, 2024, 12:00PM, Kampala Time**

5.4.3 Change or withdrawal of a tender that has already been submitted

When a tenderer wants to change or withdraw a tender already sent or submitted this must be done in accordance with the provisions of Articles 43 and 85 of the Royal Decree of 18 April 2017.

To change or withdraw a tender already sent or submitted, a written statement is required, which will be correctly signed by the tenderer or his representative. The subject-matter and the scope of the changes must be indicated in detail. Any withdrawal must be unconditional.

The withdrawal may also be communicated by electronic means, provided that it is confirmed by registered letter deposited at the post office or against acknowledgement of receipt at the latest the day before the tender acceptance deadline.

The subject-matter and the scope of the changes must be indicated in detail.

The withdrawal must be pure and simple.

5.5 Opening and evaluation of Tenders

5.5.1 Opening of tenderers

The opening of tenders will take place on the day of the final date for receiving tenders indicated above. Tenders not received before this time will be rejected. The opening will take place behind closed doors.

5.5.2 Evaluation of Tenders

5.5.2.1 Selection of tenderers

Exclusion grounds

The mandatory and optional exclusion grounds are given in the Declaration on Honour enclosed to these Tender Specifications.

By submitting this tender, the tenderer certifies that he is not in any of the cases of exclusion listed in the Articles 67 to 70 of the Law of 17 June 2016 and the Articles 61 to 64 of the Royal Decree of 18 April 2017.

The contracting authority will verify the accuracy of this Declaration on honour Based on the supporting documents.

Selection criteria

Moreover, by means of the documents requested in the Annexes - Administrative Proposal, the tenderer must prove that he is sufficiently capable, from an economic and financial as well as from a technical point of view, to successfully perform this public procurement contract.

1	Sufficient Economic and Financial Capacity
1.1	Sufficient turn-over
Minimum Standard	Minimum average annual turnover of 35,000 EUR during the past three financial years
2	Sufficient Technical and Professional Capacity
2.1	Sufficient experience
Minimum Standard	Minimum of One (1) assignment, which were totally and successfully completed in the last 3 years.

A tenderer may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which he has with these entities. In that case, the following rules apply:

- Where an economic operator wants to rely on the capacities of other entities, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.
- The contracting authority shall verify whether the entities on whose capacity the economic operator intends to rely fulfil the relevant selection criteria and whether there are grounds for exclusion.
- Where an economic operator relies on the capacities of other entities with regard to criteria relating to economic and financial standing, the contracting authority may require that the economic operator and those entities be jointly liable for the execution of the contract.
- The contracting authority may require certain essential tasks to be carried out directly by the tenderer himself or, if the tender is submitted by a group of economic operators, by a member of the said group.

Under the same conditions, a group of candidates or tenderers may submit the capacities of the group’s participants or of other entities.

Regularity of tenders

The tenders submitted by the selected tenderers will be evaluated as to formal and material regularity. Irregular tenders will be rejected.

The contracting authority reserves the right to have the irregularities in the tenderers' tender regularised during the negotiations.

5.5.2.2 qualitative and financial evaluation of tenders

Negotiation

The formally and materially regular tenders will be evaluated as to content by an evaluation committee. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in the procurement documents. This evaluation will be conducted on the basis of the award criteria given in these Tender Specifications and aims to setting a shortlist of tenderers with whom negotiations will be conducted.

Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The minimum requirements and the award criteria are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.

When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any BAFOs. Once negotiations have closed, the BAFO will be compared with the exclusion, selection and award criteria. The tenderer whose BAFO shows the best value for money (obtaining the best score based on the award criteria given below) will be designated the contractor for this procurement contract.

Award Criteria

The contracting authority selects the regular tender that it finds to be most advantageous, taking account of the following criteria:

- Qualitative award criteria: 70 %;

The tenderer proposes a technical methodology and a project management plan based on the instructions given in the technical specifications. They are subject to evaluation according to the following sub-criteria:

N.	Qualitative Award Criteria	Max. Points: 70
1.	Quality of the proposed Technical Methodology (clear description of delivery approach and, training approaches with key stakeholders).	40
2.	Quality of the proposed Project Management and quality Management (data control, monitoring, risk management, reporting, quality control and quality assurance)	30

Only tenders with scores of at least 49 points out of 70 points qualify for the financial evaluation.

- Price: 30 %;

With regards to the 'price' criterion, the following formula will be used:

$$\text{Points tender A} = \frac{\text{amount of lowest tender} * 30}{\text{amount of tender A}}$$

Final score

The scores for the qualitative and financial award criteria will be added up. The procurement contract will be awarded to the tenderer with the highest final score, after the contracting authority has verified the accuracy of the Declaration on honour of this tenderer and provided the control shows that the Declaration on honour corresponds with reality.

5.6 Award and Conclusion of Contract

5.6.1 Awarding the contract

The lots of the procurement contract will be awarded to the tenderer who has submitted the most economically advantageous tender for the lot.

Notice though that in accordance with Art. 85 of the Law of 17 June 2016, there is no obligation for the contracting authority to award the procurement contract.

The contracting authority may either decide not to award the procurement contract; either redo the procedure, if necessary through another award procedure.

The contracting authority maintains the right to award only a certain lot or certain lots.

5.6.2 Concluding the contract

In accordance with Art. 88 of the Royal Decree of 18 April 2017, the procurement contract occurs through the notification to the selected tenderer of the approval of his tender.

Notification is via e-mail.

So, the full contract agreement consists of a procurement contract awarded by Enabel to the chosen tenderer in accordance with:

- These Tender Specifications and its annexes;
- The approved BAFO of the contractor and all of its annexes;
- The registered letter of notification of the award decision;
- Any later documents that are accepted and signed by both parties, as appropriate.

In an objective of transparency, Enabel undertakes to publish each year a list of recipients of its contracts. By introducing his tender, the successful tenderer declares that he agrees with the publication of the title of the contract, the nature and object of the contract, its name and location, and the amount of the contract.

Declaration on honour – exclusion criteria

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare that the tenderer does not find himself in one of the following situations :

1) The tenderer or one of its 'directors[1]' was found guilty following a conviction by final judgement for one of the following offences:

1° involvement in a criminal organisation

2° corruption

3° fraud

4° terrorist offences, offences linked related to terrorist activities or incitement to commit such offence, collusion or attempt to commit such an offence

5° money laundering or terrorist financing

6° child labour and other trafficking in human beings

7° employment of foreign citizens under illegal status

8° creating a shell company.

2) The counterparty which fails to fulfil his obligations relating to the payment of taxes or social security contributions for an amount in excess of EUR 3 000, except if the counterparty can demonstrate that a contracting authority owes him one or more unquestionable and due debts which are free of all foreseeable liabilities. These debts are at least of an amount equal to the one for which he is late in paying outstanding tax or social charges.

3) The counterparty who is in a state of bankruptcy, liquidation, cessation of activities, judicial reorganisation or has admitted bankruptcy or is the subject of a liquidation procedure or judicial reorganisation, or in any similar situation resulting from a procedure of the same kind existing under other national regulations;

4) When Enabel can demonstrate by any appropriate means that the counterparty or any of its directors has committed serious professional misconduct which calls into question his integrity.

Are also considered such serious professional misconduct:

a. A breach of Enabel's Policy regarding sexual exploitation and abuse – June 2019

b. A breach of Enabel's Policy regarding fraud and corruption risk management – June 2019

c. A breach of a regulatory provision in applicable local legislation regarding sexual harassment in the workplace

d. The counterparty was seriously guilty of misrepresentation or false documents when providing the information required for verification of the absence of grounds for exclusion or the satisfaction of the selection criteria, or concealed this information

e. Where Enabel has sufficient plausible evidence to conclude that the counterparty has committed acts, entered into agreements or entered into arrangements to distort competition

The presence of this counterparty on one of Enabel's exclusion lists as a result of such an act/agreement/arrangement is considered to be sufficiently plausible an element.

5) When a conflict of interest cannot be remedied by other, less intrusive measures;

6) When significant or persistent failures by the counterparty were detected during the execution of an essential obligation incumbent on him in the framework of a previous contract, a previous contract placed with another contracting authority, when these failures have given rise to measures as of right, damages or another comparable sanction.

Also failures to respect applicable obligations regarding environmental, social and labour rights, national law, labour agreements or international provisions on environmental, social and labour rights are considered 'significant'.

The presence of the counterparty on the exclusion list of Enabel because of such a failure serves as evidence.

7) Restrictive measures have been taken vis-à-vis the counterparty with a view of ending violations of international peace and security such as terrorism, humanrights violations, the destabilisation of sovereign states and de proliferation of weapons of mass destruction.

The counterparty or one of its directors are on the lists of persons, groups or entities submitted by the United Nations, the European Union and Belgium for financial sanctions:

For the United Nations, the lists can be consulted at the following address:

Integrity statement for the tenderers

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither members of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.
- The board members, staff members or their partners have no financial or other interests in the businesses, organisations, etc. that have a direct or indirect link with Enabel (which could, for instance, bring about a conflict of interests).
- I have / we have read and understood the articles about deontology and anticorruption included in the Tender Documents (see 1.7.), as well as Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management of June 2019 and I / we declare fully endorsing and respecting these articles.

If above-mentioned public contract is awarded to the tenderer, I/we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the public contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the abovementioned advantages appreciable in cash.
- Any failure to comply with one or more of the deontological clauses will be considered as a serious professional misconduct which will lead to the exclusion of the contractor from this and other public contracts for Enabel.
- The public contractor commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure.

Finally, the tenderer takes cognisance of the fact that Enabel reserves the right to lodge a complaint with the competent legal instances for all facts going against this statement and that all administrative and other costs resulting are borne by the tenderer.
