

Clarifications :

Public supply contract for ‘the supply and delivery of two power boats’ Negotiated Procedure without Prior Publication

Tender Specifications COD21003-10065

N°	QUESTIONS	REPOSES
1	Of primary concern is where the boats will be delivered to. It is not clear if Kinshasa or Kisangani is the end delivery location.	The boats have to be delivered to Kinshasa (cf to section 4.10.3 of the tender specifications) but the The technical acceptance will take place in Kisangani (cf to section 4.9 of the tender specifications)
2	Secondly the delivery Incoterm DDP. We have supplied 100’s of boat packages over the years and almost all are under incoterm DAP/CIP. Is it possible to change the Incoterm please ?	The delivery incoterm cannot be changed for this tender.
3	Is this procurement vat exempt? it isn’t clear.	Yes, it’s vat exempt. For more information cf section 4.14 of the tenders specifications
4	From the supporting documentation required in the technical specifications we do not believe any manufacturer can comply fully or supply all of the documents required.	The required documentation is necessary to check the compliance of the proposed technical specifications
5	The boat is out of gauge for delivery. To deliver to Kisangani or Kinshasa the boat must fit on an open truck or in a 40ft container.	Deliver to Kinshasa in a suitable size container
6	Please also confirm if the boat material must be aluminium?	Yes, cf section 5.3 of the technical specifications

N°	QUESTIONS	REPOSES
7	We can only bid on delivery to Kisangani under the incoterm DAP. Kindly confirm if this will be acceptable.	This cannot be accepted.
