PART B – EVALUATION

III. EVALUATION

Scoring guidelines

This evaluation grid is divided into **sections** and **sub-sections**. For each sub-section, a score between 1 and 5 is given, in accordance with the assessment scale below:

Score	Assessment
1	Very inadequate
2	Inadequate
3	Average
4	Good
5	Very good

These scores must be added up to obtain the total score for the section in question. Total scores of sections must be carried forward to point 6 and added up to obtain the overall score for the application in question.

For each section, a box is provided for writing comments – which must concern the points covered in the section in question. Comments should be made for each **section**. If an evaluator gives a score of 1 (very inadequate), 2 (inadequate) or 5 (very good) for a sub-section, they must justify this in the "comments" box. These boxes may be enlarged as needed.

1. Financial and operational capacity	Max score	Score
14. Do the applicant and its partner(s) have sufficient experience in managing projects?	5	
15. Do the applicant and its partner(s) have sufficient technical expertise? (particularly, an understanding of the issues/points to be addressed)	5	
16. Do the applicant and, where applicable, its partners, have adequate management capacity? (particularly, regarding staff, facilities and the capacity to manage the action's budget)	5	
17. Does the applicant have stable and sufficient sources of financing?	5	
Total score (1)	**20**	
Comments:		

If the application obtains a total score below "average" (12 points) for section (1) financial and operational capacity, it will be eliminated by the evaluation committee.

2. Relevance of the action (considering both submissions relating to relevance from concept note and potential additions/elaborations in proposals)	Max score	Score
18. To what extent is the proposal relevant to the expected objectives and outputs, sectors, themes and priorities of the Call for Proposals?	5*2	
19. To what extent are the targeted business models (1) inclusive/accessible for the final beneficiaries, (2) contributing to environmental conservation/the green transition, and (3) economically viable for sustainable livelihoods?	5	
20. To what extent is the proposal relevant to the particular needs and constraints of the country and/or target region? To what extent does	5	

	Max score	Score
the selection of value chain(s)/value chain segment(s), targeted business models and approaches support local economic development?		
21. Have the target groups/final beneficiaries and their needs and constraints, been clearly defined and properly addressed? To what extent does the action include clear and balanced gender and vulnerability strategies aimed at enhancing access and inclusion of vulnerable youth and young women?	5	
22. To what extent does the concept note promote innovations and good practices (ie. In business development support for enhanced resilience of vulnerable youth, business relationships and market/value chain integration, and in enhancing food security and climate change adaptation/environmental conservation) and other elements that add value (Eg. (eg. strategies fostering inclusion of specific vulnerable groups, elements addressing missing services in the targeted value chains, etc.) ?	5	
Total score (2)	**30**	

Comments:

3. **Effectiveness and feasibility of the action**	Max score	Score
23. Are the activities proposed logical, clear, appropriate, practical and consistent with the expected objectives and results?	5	
24. Is the action plan clear and feasible?	5	
25. Does the application contain objectively verifiable indicators to evaluate the results of the action? Is an adequate internal monitoring system in place? Is an evaluation provided for?	5	
26. Is the level of involvement and participation in the action of the partners satisfactory?	5

4. Sustainability of the action		
27. Is the action likely to have a tangible impact on the target groups?	5	
28. Is the application likely to have multiplier effects? (particularly, the likelihood of replication and extension of action results, and the distribution of information)	5	
29. Are the expected results of the proposed action sustainable? - from a financial point of view (*how will the activities be funded at the end of the grant?*) - from an institutional point of view *(are there structures that will allow the activities to be continued at the end of the action ? Will there be local "ownership" of action results?)* - at the political level (where applicable) *(what will be the structural impact of the action – for example, will it lead to better laws, codes of conduct, methods, etc.?)* - from an environmental point of view (where applicable) *(will the action have a positive/negative impact on the environment?)*	5	
Total score (4)	**15**	

Comments:

5. Budget and report on the cost-effectiveness of the action	Max score	Score
30. Are the activities adequately reflected in the budget?	5 (x 2)**	
31. Is the ratio between estimated costs and expected results satisfactory? Are the proposed costs acceptable and necessary? What is the ratio between operational and management costs? Are the expected results realistic? How many people are positively impacted by the proposed project? And is this impact sufficiently high?	5	
Total score (5)	15	

Comments:

** score multiplied by 2 due to its importance.
