DEROGATIONS FROM THE GENERAL IMPLEMENTING RULES

Section 4, '*Specific contractual and administrative conditions*' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the Royal Decree of 14.01.2013 or as a complement or an elaboration thereof.

These tender documents derogate from Art. 25-33 of the General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)"). This is motivated by the need to provide equal opportunity for local and international tenderers to participate with a view to increasing competition.

1 Technical Specifications

1.1 Requirements for the services and the deliverables

1.1 General requirements

1.1.1 Technical methodology

The Contractor shall provide the services as specified hereafter by applying a technical methodology, which factors in the following aspects.

Contextual Background

The 5-year Thematic Portfolio on Social Protection and Decent Work is funded by the Kingdom of Belgium. The project is jointly executed by the Ministry of Gender, Labor and Social Development. The long-term ambition of this project is to improve the living conditions and resilience of the most vulnerable populations in the Great Lakes region by investing in social protection systems and decent work, as well as contributing to promoting sustainable and inclusive socioeconomic development. The specific objective is that women and young people of working age in the Great Lakes region have an increased opportunity to engage in decent work, are better protected by labour rights and benefit from social protection and more inclusive social dialogue. This Portfolio will contribute to two strategic objectives of the third National Development Plan (NDP III) aiming at “Increasing Household Incomes and Improving Quality of Life of Ugandans”, namely (i) to strengthen the private sector to create jobs and (ii) to enhance productivity and social well-being of the population.

Enabel, in partnership with the Uganda Tourism Board (UTB), previously supported the procurement of VR sets and mapped Murchison Falls National Park during the Pearl of Africa Tourism Expo (POATE) event. To further promote Uganda as a premier tourism destination, there is a need to extend this effort to include three additional national parks: Kidepo Valley National Park, Queen Elizabeth National Park, and the Gorilla Sanctuary

General objective

The primary objectives of this consultancy are to:

- Develop VR-AR Content for 3 National Parks:
- Create immersive and interactive VR-AR experiences showcasing the natural beauty and wildlife of Kidepo Valley, Queen Elizabeth, and the Gorilla Sanctuary.
- Produce high-quality content that highlights Uganda's unique cultural and natural heritage, enriching the visitor experience and promoting tourism.
- Upload the content into VR headsets
- Upload the developed content into the 5 five available VR headsets, from UTB.

Location of activities

The activities related to this consultancy will be focused on three distinct national parks and one sanctuary within Uganda. Here’s a detailed breakdown of each location:

Kidepo Valley National Park:

Geographic Location: Situated in the northeastern part of Uganda, near the border with South Sudan. The park covers approximately 1,442 square kilometers.

Key Features: Known for its scenic beauty, Kidepo Valley features vast savannahs, rugged mountains, and a rich diversity of wildlife, including elephants, lions, giraffes, and numerous bird species.

Relevance: This park is renowned for its remote and pristine environment, making it a unique showcase of Uganda's natural heritage. The VR-AR content will highlight the park's expansive landscapes and diverse wildlife.

Queen Elizabeth National Park:

Geographic Location: Located in the southwestern region of Uganda, near the border with the Democratic Republic of Congo. It spans approximately 1,978 square kilometers.

Key Features: The park is famous for its varied ecosystems, including savannahs, wetlands, and forests. It is home to a wide range of wildlife, including lions, elephants, hippos, and a variety of bird species.

Relevance: Queen Elizabeth National Park is a major tourist attraction with its unique features such as the Kazinga Channel, which connects Lake Edward and Lake George. The VR-AR content will aim to capture the park's biodiversity and its ecological importance.

Gorilla Sanctuary (Bwindi Impenetrable National Park):

Geographic Location: Located in the southwestern part of Uganda, bordering the Democratic Republic of Congo. The park covers about 321 square kilometers.

Key Features: Renowned for its dense forests and as a habitat for the critically endangered mountain gorillas. It is one of the few places in the world where tourists can see these magnificent primates in their natural habitat.

Relevance: Bwindi Impenetrable National Park is a UNESCO World Heritage Site and a crucial destination for ecotourism. The VR-AR content will focus on the conservation efforts and the unique experience of trekking to see the mountain gorillas.

On-Site Activities:

Field Visits: Teams will need to conduct on-site visits to each national park and sanctuary to gather footage, assess key attractions, and understand the unique aspects of each location.

Collaboration with Local Authorities: Coordination with park management and local conservationists will be essential for gaining access, understanding conservation guidelines, and ensuring that the VR-AR content accurately represents the parks.

Upload and Integration:

Location for Upload: The VR-AR content developed will be uploaded onto VR headsets provided by the Uganda Tourism Board. This activity will likely occur at a centralized location, possibly at the Uganda Tourism Board's offices or a designated technical facility equipped for VR content management.

TASKS

The consultancy will encompass the following activities:

Virtual Reality/ Augmented Reality (VR-AR) Content Creation:

Mapping and Filming:

- Conduct on-site visits to Kidepo Valley National Park, Queen Elizabeth National Park, and the Gorilla Sanctuary, with each park requiring five (05) days of filming.
- Capture high-definition footage and 360-degree panoramas of key wildlife, including lions, leopards, zebras, Uganda Kob, crested cranes, elephants, and various bird species. Any additional animals specific to a park is highly appreciated, if not included in the above list.
- Film significant landscapes and unique features of each park to provide a comprehensive virtual experience.

Script Writing and Voiceover:

- Develop engaging and informative scripts for each national park, incorporating local narratives, conservation messages, and educational content.
- Record and produce professional voiceovers that complement the visual content, enhancing the overall immersion and educational value.

Interactive Features and Augmented Reality:

- Integrate interactive elements into the VR-AR content, such as clickable hotspots, informational overlays, and interactive maps.
- Implement augmented reality features to overlay digital information on physical views, enhancing the educational experience and visitor engagement.

Content Production:

- Edit and assemble the captured footage into a coherent and compelling VR-AR experience, ensuring high-quality visual and audio output.
- Produce a total of 45 minutes of VR-AR content, with approximately 10 to 15 minutes dedicated to each park. For each park, produce a short summary of 2 to 4 minutes.
- Ensure compatibility of the content with common VR platforms.

Logistics and Transportation:

- Develop a comprehensive travel plan for site visits, including details on travel and equipment logistics.
- Enabel will cover all transportation costs associated with these site visits.
- Coordinate with park authorities and local stakeholders to facilitate smooth and efficient content production.

DELIVERABLES

VR-AR Content:

- A total of 45 minutes of immersive and interactive VR-AR content, divided equally among Kidepo Valley, Queen Elizabeth, and the Gorilla Sanctuary. Each park to have a max of 15 minutes.
- To produce a summary of max five (05) minutes for each park.
- Final content should include high-definition video, interactive elements, and augmented reality features.

Upload the content into VR headsets

- Upload the developed content into the 5 five available VR headsets

Reports and Documentation:

- Detailed reports on the content development process, including methodologies and technical specifications.
- User guides and documentation for the VR-AR content to assist in future use and updates

1.1.2 Quality management

The Contractor shall ensure quality management through continuous monitoring. This monitoring shall take a quality assurance (QA) approach and collect information on the service provider's conduct in implementing the activities.

This QA approach shall be based on the following principles: Collect data systematically; Report these data; Enable timely action on the data, at the appropriate level.

The Contractor shall use these principles to ensure the quality of their service and to monitor the satisfaction of those involved in all aspects of the activities.

Evaluation of the performance will be conducted by the Contracting Authority on a regular basis to assess the level of the quality of services provided, the key experts' capacity, and participant's satisfaction.

The Contracting Authority will communicate the assessment methodology prior to the evaluation.

The Contracting Authority will communicate the outcomes of the evaluation sessions to the Contractor and, if necessary, will ask for actions to be taken. The Contractor can also perform self-evaluation, without the results of it being binding to the Contracting Authority. The Contracting Authority will closely monitor the content, methodology and implementation of the activities to ensure that the desired level is kept.

1.1.3 Project Management

A kick off meeting will take place in Kampala at the start of the performance. The aim will be to discuss with the Contracting Authority the general implementation of the project, the work plan and the communication with the project management team. The meeting will also aim at clarifying to the Contractor the roles and responsibilities of the Contracting Authority during the implementation.

As required, ad hoc meetings and conference calls will be scheduled and organized by the Contractor during the implementation of a given service request. Prior to each of these meetings/ conference calls the Contractor will submit to the Contracting Authority a brief summary of any specific points that need to be discussed.

The Contracting Authority's responsibility is to:

- Avail the consultancy with all relevant information required to ably deliver.

- Ensure quality control and assurance through close monitoring of the assignment.
- Ensure effective communication between and among all stakeholders.

Daily coordination and management of this consultancy will be by the Project Manager who is also the contract manager.

All deliverables are to be addressed to and approved by the Contract Manager; Rose Kato rose.kato@enabel.be, assisted by joseph.byabazaire@enabel.be

Supplementary meetings in Kampala during the implementation of the specific contracts may be convened at the request of the Contracting Authority to monitor the implementation.

The Contractor shall be required to reply to all queries from the Contracting Authority within two (2) working days, unless agreed otherwise.

Furthermore, the Contractor shall be obliged to ensure that the key experts comply to and follow the instructions given by the Contracting Authority, to allow smooth administration of the activities. The Contractor must also ensure timely and accurate invoicing for services delivered as well as any required reporting.

1.2 Requirements for the resources

1.2.1 Composition of the team

For Item 1	<ul style="list-style-type: none"> • 1 coordinator/team leader • a pool of maximum 2 experts
-------------------	--

Coordinator/team leader

The Contractor shall identify a coordinator/team leader within its organisation who will represent the single point of contact for all administrative and operational communication with the Contracting Authority. The single point of contact and if necessary, his/her replacement must fulfil the requirements set in the selection criteria. Similarly, the Contracting Authority will designate contact persons.

All communications and exchange of information between the Contracting Authority and the Contractor during the contract period shall be held in writing or email, in English and be addressed to the Contractor's single point of contact and to the contact person in the Contracting Authority respectively.

The coordinator will need to closely collaborate with the Contracting Authority ensuring that the quality of the assignment meets the standards set. In addition, he/she shall safeguard that the requirements as described in this tender are being kept.

The Team Leader will oversee the entire project, ensuring that all objectives are met within the stipulated timeline and budget. This role involves coordinating activities among team members, liaising with stakeholders, and managing overall project execution. The Team Leader will be responsible for high-level decision-making, addressing any issues that arise, and ensuring quality control throughout the project.

Qualifications: The ideal candidate should have extensive experience in project management, preferably with a background in digital content creation or VR/AR projects. Strong leadership

skills, strategic planning capabilities, and a proven track record of managing complex projects are essential.

Experience: A minimum of 7 years in project management, including experience with VR/AR technologies, tourism, or similar fields. Previous experience in managing cross-functional teams and coordinating with multiple stakeholders is essential.

Experts

The Contractor will be responsible for selecting the individual expert for delivering the outputs of the specific activities of the contract. But each individual expert will require all the following skills and expertise, as specified hereafter.

Tourism Expert

Role and Responsibilities: The Tourism Expert will provide specialized knowledge on Uganda's tourism industry, including insights into the key attractions, cultural elements, and conservation messages relevant to the national parks. This role involves advising on the content's alignment with tourism strategies, ensuring that the VR-AR experiences accurately reflect the parks' significance and appeal to potential tourists.

Qualifications: The ideal candidate should have extensive knowledge of Uganda's tourism sector, including its major attractions and conservation issues. Experience in tourism promotion or development is essential.

Experience: A minimum of 5 years in the tourism industry, with specific experience related to national parks, wildlife conservation, or ecotourism. Previous work on tourism projects involving digital media or VR/AR is a plus.

Digital Expert

Role and Responsibilities: The Digital Expert will be responsible for the technical aspects of VR-AR content creation, including the integration of interactive features and ensuring compatibility with various VR platforms. This role involves overseeing the digital production process, managing technical workflows, and troubleshooting any issues related to VR hardware or software.

Qualifications: The candidate should have a strong background in digital technology, particularly in VR/AR development. Expertise in digital content production tools and VR platforms is crucial.

Experience: At least 5 years of experience in digital media production, with a focus on VR/AR technologies. Experience in developing and optimizing digital content for immersive experiences is essential.

1.2.2 Management of the Team

Leadership Structure: The Team Leader will manage the team and ensure cohesive functioning across all roles. They will be responsible for assigning tasks, setting deadlines, and ensuring that the deliverables meet the project's quality standards.

Team Meetings: Regular team meetings will be scheduled to review progress, address challenges, and ensure alignment with project goals. Ad hoc meetings will also be organized as needed.

Reporting and Communication: The Team Leader will maintain regular communication with the Contracting Authority, providing updates on progress, challenges, and any deviations from the plan. They will also oversee the preparation of reports and documentation as required.

In case of unavailability of a Team Member, the Contractor shall ensure prompt replacement with at least the same level of qualifications as those of the Expert being replaced and who was initially proposed for the assignment in accordance with the Tender.

1.2.3 Qualifications of the Team

Mandatory requirements for the coordinator:

Educational Background: A degree in Project Management, Digital Media, Tourism Management, or a related field.

Skills: Strong leadership, organizational, and problem-solving skills. Proficiency in project management tools and methodologies.

Experience: Demonstrated experience in managing large-scale projects, with specific experience in VR/AR content development or tourism-related projects.

Mandatory requirements for the experts

- **Educational Background:** A degree in Tourism Management, Environmental Studies, or a related field.
- **Skills:** In-depth knowledge of tourism trends, conservation practices, and cultural heritage. Ability to provide strategic advice on tourism promotion.
- **Experience:** Extensive experience in the tourism industry, with a focus on national parks, wildlife conservation, or ecotourism. Experience in integrating tourism strategies with digital content is advantageous.

Digital Expert:

- **Educational Background:** A degree in Digital Media, Computer Science, or a related field.
- **Skills:** Expertise in VR/AR development, digital content production tools, and technical troubleshooting.
- **Experience:** Extensive experience in digital media production, with a specific focus on VR/AR technologies. Proven ability to develop and optimize immersive digital content.

1.2.4 Deployments of the Team

The contractor shall be responsible to present a pool of key experts that can cover all contents of this contract and that know the particulars of the content of the contract in Uganda (to ensure relevant content and delivery).

The contractor shall be responsible for selecting the key expert out of his pool for delivering the outputs of the specific service requests of the contract. However, during the implementation of the contract the contracting authority will individually assess the performance of the key expert and conduct evaluation sessions to get feedback from those participating in the assignment. The contracting authority reserves the right to reject the key expert if his/her performance is not satisfactory to the contracting authority.

The contractor shall ensure that there is a back-up key expert available in the pool. Should a key expert become unavailable for any reason for more than one (1) week, the back-up key expert has to be provided at short notice. The back-up key expert shall continue the implementation at the required standards.

The contractor shall be responsible to present key experts that can cover all contents of this contract and shall know the particulars of the content of the contract and demonstrate expertise to deliver it within the estimated number of person days specified below.

The tenderer or contractor and Enabel are bound to secrecy vis-à-vis third parties with regards to any confidential information obtained within the framework of this public contract and will only divulge such information to third parties after receiving the prior written consent of the other party. They will disclose this confidential information only among appointed parties involved in the assignment. They guarantee that said appointed parties will be adequately

informed of their obligations in respect of the confidential nature of the information and that they shall comply therewith.

PRIVACY NOTICE OF ENABEL: Enabel takes your privacy serious. We undertake to protect and process your personal data with due care, transparently and in strict compliance with privacy protection legislation.

2.7 Deontological obligations

Any failure to comply with one or more of the deontological clauses may lead to the exclusion of the candidate, tenderer or contractor from other public procurement contracts for Enabel.

For the duration of the procurement contract, the contractor and his staff respect human rights and undertake not to go against political, cultural or religious customs of the beneficiary country. The tenderer or contractor is bound to respect fundamental labour standards, which are internationally agreed upon by the International Labour Organisation (ILO), namely the conventions on union freedom and collective bargaining, on the elimination of forced and obligatory labour, on the elimination of employment and professional discrimination and on the abolition of child labour.

In accordance with Enabel's Policy regarding sexual exploitation and abuse, the contractor and his staff have the duty to behave in an irreproachable manner towards the beneficiaries of the projects and towards the local population in general. They must abstain from any acts that could be considered a form of sexual exploitation or abuse and they must abide by the basic principles and guidelines laid down in this policy.

Any attempt of a candidate or a tenderer to obtain confidential information, to proceed to illicit arrangements with competitors or to influence the evaluation committee or the contracting authority during the investigation, clarification, evaluation and comparison of tenders and candidates procedure will lead to the rejection of the application or the tender.

Moreover, in order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the contractor to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to agents of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

The contractor of the procurement contract commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure. Depending on the gravity of the facts observed, the contractor having paid unusual commercial expenditure is liable to have its contract cancelled or to be permanently excluded from receiving funds.

In accordance with Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management complaints relating to issues

of integrity (fraud, corruption, etc.) must be sent to the Integrity desk through the <https://www.enabelintegrity.be> website.

2.8 Applicable law and competent courts

The procurement contract must be performed and interpreted according to Belgian law.

The parties commit to sincerely perform their engagements to ensure the good performance of this procurement contract.

In case of litigation or divergence of opinion between the contracting authority and the contractor, the parties will consult each other to find a solution.

If agreement is lacking, the Brussels courts are the only courts competent to resolve the matter.

3 Modalities of the contract

3.1 Type of contract

This procurement contract is a direct services contract.

3.2 Scope of the contract

3.2.1 Subject-matter

This services procurement contract consists in the performance of Consultancy services to develop VR-AR Content for 3 National Parks, in conformity with the conditions of these Tender Specifications.

3.2.2 Items

The procurement contract consists of the items stated in the technical specifications.

These items are pooled and form one single procurement contract. It is not possible to tender for one or several items and the tenderer must submit price quotations for all items of the procurement contract

3.2.3 Variants

Each tenderer may submit only one tender. Variants are forbidden.

3.5 Duration of the contract⁸

The contract starts on the day following the date of the kick-off meeting and lasts 52 calendar days. The actual implementation period is 32 person days

⁸ Please note: term of the procurement contract not to be confused with performance period.
Tender Specifications – Procurement reference number

4 Special contractual provisions

This chapter of these Tender Specifications holds the specific provisions that apply to this public procurement contract as a derogation of the 'General Implementing Rules for public procurement contracts and for public works concessions' of the Royal Decree of 14 January 2013, hereinafter referred to as 'GIR', or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the GIR articles. Unless indicated, the relevant provisions of the General Implementing Rules (GIR) apply in full.

These tender documents derogate from Art. 25-33 of the General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)").

4.1 Managing official (Art. 11)

The managing official is Rose Kato rose.kato@enabel.be assisted by joseph.byabazaire@enabel.be

Once the procurement contract is concluded, the managing official is the main contact point for the service provider. Any correspondence or any questions with regards to the performance of the procurement contract will be addressed to him/her, unless explicitly mentioned otherwise in these Tender Specifications.

The managing official is responsible for the follow-up of the performance of the contract.

The managing official is fully competent for the follow-up of the satisfactory performance of the procurement contract, including issuing service orders, drawing up reports and states of affairs, approving the services, progress reports and reviews. (S)he may order any modifications to the procurement contract with regards to its subject-matter provided that they remain within its scope.

However, the signing of amendments or any other decision or agreement implying derogation from the essential terms and conditions of the procurement contract are not part of the competence of the managing official. For such decisions the contracting authority is represented as stipulated under The contracting authority.

Under no circumstances is the managing official allowed to modify the terms and conditions (e.g. performance deadline) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement that deviates from the conditions in the Tender Specifications and that has not been notified by the contracting authority, will be considered null and void.

4.2 Subcontractors (Art. 12 to 15)

The fact that the contractor entrusts all or part of his commitments to subcontractors does not relieve him of liability to the contracting authority. The latter does not recognise any contractual relation with third parties.

The contractor remains, in any case, solely liable to the contracting authority.

The service provider commits to having the procurement contract performed by the persons indicated in the tender, except for force majeure. The persons mentioned or their replacements

are all deemed to effectively be involved in the performance of the procurement contract. Any replacements must be approved by the contracting authority.

When the contractor uses a subcontractor to carry out specific processing activities on behalf of the contracting authority, the same data protection obligations as those of the contractor are imposed on that subcontractor by contract or any other legal act.

In the same way, the contractor will respect and enforce to his subcontractors, the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation, GDPR). The contracting authority may conduct an audit of the processing carried out in order to validate compliance with this legislation.

4.3 Confidentiality (art. 18)

The knowledge and information gathered by the tenderer under the framework of this public contract is strictly confidential.

Under no circumstances can the information collected, regardless of its origin and nature, be transferred to third parties in any form.

The tenderer is therefore bound by the duty of discretion.

In accordance with Article 18 of the Royal Decree of 14 January 2013 establishing the general rules for public procurement, the tenderer undertakes to consider and process in a strictly confidential manner any information, all facts, any documents and/or any data, whatever their nature and support, which have been communicated to him, in any form and by any means, or to which he has access, directly or indirectly, in the context or on the occasion of this public contract. Confidential information covers, in particular, the very existence of this public contract, without this list being limited.

Therefore, he undertakes to:

- Respect and enforce the strict confidentiality of these elements and to take all necessary precautions in order to preserve their secrecy (these precautions cannot in any case be inferior to those taken by the tenderer for the protection of his own confidential information);
- Consult, use and/or exploit, directly or indirectly, all of the above elements only to the extent strictly necessary to prepare and, if necessary, to carry out this public contract (particularly in accordance with the privacy legislation with respect to personal data processing);
- Not reproduce, distribute, disclose, transmit or otherwise make available to third parties the above elements, in whole or in part, and in any form, unless having obtained prior and written consent of the contracting authority;
- Return, at the first request of the contracting authority, the above elements;

- In general, not disclose directly or indirectly to third parties, whether for advertising or any other reason, the content of this public contract.

4.4 Protection of personal data

4.4.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

4.4.2 Processing of personal data by a subcontractor

PROCESSING OF PERSONAL DATA BY A CONTROLLER (RECIPIENT) During contract performance, the contractor may process personal data of the contracting authority or in execution of a legal obligation.

For any processing of personal data carried out in connection with this public contract, the contractor is required to comply with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the contractor will each be responsible, individually, for the processing.

4.5 Intellectual property (Art. 19 to 23)

The contracting authority does not acquire the intellectual property rights created, developed or used during performance of the procurement contract.

Without prejudice to clause 1 and unless otherwise stipulated in the procurement documents, when the subject-matter of the procurement contract consists of the creation, manufacture or the development of designs or of logos, the contracting authority acquires the intellectual property thereof, as well as the right to trademark them, to have them registered and to have them protected.

For domain names created under the procurement contract, the contracting authority also acquires the right to register and protect them, unless otherwise stipulated in the procurement documents.

When the contracting authority does not acquire the intellectual property rights, it obtains a patent licence of the results protected by intellectual property law for the exploitation modes that are mentioned in the procurement documents.

The contracting authority lists the exploitation modes for which it intends to obtain a licence in the procurement documents.

4.6 Performance bond (Art. 25 to 33)

For this procurement contract a performance bond is required, only in case the contract value exceeds 50 000 EUR.

The performance bond is set at 5 % of the total value, excluding VAT, of the procurement contract. The value thus obtained is rounded up to the nearest 10 euros.

In accordance with the legal and regulatory provisions, the performance bond may be constituted either of cash or of public funds or may take the form of a joint performance bond.

The performance bond may also take the form of a surety bond issued by a credit institution meeting the requirements of the law on the statute and control of credit institutions.

As a derogation from Article 26, the performance bond may be posted through an establishment that has its registered office in one of the countries of destination of the services. The contracting authority maintains the right to accept or refuse the posting of the bond through that institution. The tenderer shall mention the name and address of this institution in the tender.

This derogation is founded on the idea of providing possible local tenderers with an opportunity to submit a tender. This measure is made essential by the specific requirements of the contract.

The contractor must, within 30 calendar days from the day of procurement contract conclusion, furnish proof that he or a third party has posted the bond in one of the ways set out below:

1° in the case of cash, by transfer of the amount to the post account number of the Deposit and Consignment Office Fill out the form

https://finances.belgium.be/sites/default/files/01_marche_public.pdf as completely as possible and return it to the e-mail address: info.cdcdck@minfin.fed.be

After reception and validation of said form, an agent of Belgium's Deposit and Consignment Office

(Caisse des Dépôts et Consignations) will communicate to you the payment instructions (account number + communication) for posting the bond in cash;

2° in the case of public funds, by depositing such funds, for the account of the Deposit and Consignment Office, with the State Cashier at the head office of the National Bank in Brussels or at one of its provincial agencies or with a public institution with an equivalent function;

3° in the case of a joint surety, by deposit via an institution that lawfully carries out this activity of a deed of joint surety with the Deposit and Consignment Office or with a public institution with an equivalent function;

4° in the case of a guaranty, by the deed of undertaking of the credit institution

This proof must be provided as applicable by submission to the contracting authority of:

1° the deposit receipt of the Deposit and Consignment Office or of a public institution with an equivalent function; or

2° a debit notice issued by the credit institution; or

3° the deposit certificate issued by the State Cashier or public institution with an equivalent function; or

4° the original copy of the deed of joint surety stamped by the Depot and Consignment Office or by a public institution with an equivalent function; or

5° the original copy of the deed of undertaking issued by the credit institution granting a guaranty.

These documents, signed by the depositor, must state why the performance bond was posted and its precise usage, consisting of a concise indication of the subject-matter of the procurement contract and a reference to the procurement documents, as well as the name, first name and full address of the contractor and, where relevant, that of the third party that made the deposit on the contractor's account, bearing the statement 'lender' or 'mandatory', as appropriate.

The period of 30 calendar days specified above is suspended during the period of closure of the contractor's business for paid annual holidays and the days off in lieu stipulated by regulation or by a collective binding labour agreement.

Proof that the required performance bond has been posted must be sent to the address that will be mentioned in the contract conclusion notification.

Request by the contractor for the acceptance procedure to be carried out:

1° For the provisional acceptance: This is equal to a request to release the first half of the performance bond;

2° For the final acceptance: This is equal to a request to release the second half of the performance bond, or, in case no provisional acceptance applied, to release the whole of the performance bond.

4.7 Conformity of performance (Art. 34)

The services must comply in all respects with the procurement documents. Even in the absence of technical specifications in the procurement documents, the services must comply in all aspects with good practice.

4.8 Changes to the procurement contract (Art. 37 to 38/19)

4.8.1 Replacement of the contractor (Art. 38/3)

Provided that he meets the selection and exclusion criteria set out in this document, a new contractor may replace the contractor with whom the initial procurement contract was agreed in cases other than those provided for in Art. 38/3 of the General Implementing Rules (GIR).

The contractor submits his request as quickly as possible by registered post, stating the reasons for this replacement and providing a detailed inventory of the state of supplies and services already performed,

the new contractor's contact details and the documents and certificates which the contracting authority cannot access free of charge.

The replacement will be recorded in an amendment dated and signed by all three parties. The initial contractor remains liable to the contracting authority for the performance of the remainder of the procurement contract.

4.8.2 Adjusting the prices (Art. 38/7)

For this procurement contract, price reviews are not permitted.

4.8.3 Indemnities following the suspensions ordered by the contracting authority during performance (Art. 38/12)

The contracting authority reserves the right to suspend the performance of the procurement contract for a given period, mainly when it considers that the procurement contract cannot be performed without inconvenience at that time.

The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance will be agreed.

When activities are suspended, based on this clause, the contractor is required to take all necessary precautions, at his expense, to protect the services already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other malicious acts. The contractor has a right to damages for suspensions ordered by the contracting authority when:

- The suspension lasts in total longer than one twentieth of the performance time and at least ten working days or two calendar weeks, depending on whether the performance time is expressed in working days or calendar days;
- The suspension is not due to unfavourable weather conditions;
- The suspension occurred during the contract performance period.

Within thirty days of their occurrence or the date on which the contractor or the contracting authority would normally have become aware of them, the contractor reports the facts or circumstances succinctly to the contracting authority and describes precisely their impact on the progress and cost of the procurement contract.

4.8.4 Unforeseen circumstances

As a rule, the contractor is not entitled to any modification of the contractual terms due to circumstances of which the contracting authority was unaware.

A decision of the Belgian State to suspend cooperation with a partner country is deemed to be unforeseeable circumstances within the meaning of this article. Should the Belgian State break off or cease activities which implies therefore the financing of this procurement contract, Enabel will do everything reasonable to agree a maximum compensation figure.

4.9 Preliminary technical acceptance (Art. 42)

The contracting authority reserves the right to demand an activity report at any time of the assignment to the service provider (meetings held, persons met, institutions visited, summary of results, problems encountered and unresolved issues, deviations from the planning and deviations from the ToR...).

4.10 Performance modalities (Art. 146 et seq.)

4.10.1 Deadlines and terms (Art. 147)

The services must be performed within 52 calendar days from the day after the date on which the service provider received the contract conclusion notification letter. The closure of the service provider's business for annual holidays is not included in this calculation.

4.11 Inspection of the services (Art. 150)

If during contract performance irregularities are found, the contractor will be notified about this immediately by fax or e-mail, which will be confirmed consequently by registered letter. The contractor is bound to perform the non-complying services again.

The service provider advises the managing official by registered post or e-mail showing the exact date of dispatch, at which date the services can be controlled.

4.12 Liability of the service provider (Art. 152-153)

The service provider takes the full responsibility for mistakes and deficiencies in the services provided.

Moreover, the service provider indemnifies the contracting authority against damages for which it is liable towards third parties due to late performance of the services or due to failure of the service provider.

4.13 Zero tolerance Sexual exploitation and abuse

In application of Enabel's Policy regarding sexual exploitation and abuse of June 2019 there will be zero tolerance towards any misconduct that could impact the professional credibility of the tenderer.

4.14 Means of action of the contracting authority (Art. 44-51 and 154155)

The service provider's default is not solely related to services as such but also to the whole of the service provider's obligations.

In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the service provider to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

In case of violation, the contracting authority may impose a lump-sum fine to the service provider for each violation, which can be up to three times the amount obtained by adding up the (estimated) values of the advantage offered to the employee and of the advantage that the contractor hoped to obtain by offering the advantage to the employee. The contracting authority will decide independently about the application and the amount of this fine.

This clause is without prejudice to the possible application of other measures as of right provided in the GIR, namely the unilateral termination of the procurement contract and/or the exclusion of procurement contracts of the contracting authority for a determined duration.

4.14.1 Failure of performance (Art. 44)

§1 The contractor is considered to be in failure of performance under the procurement contract:

- 1° when the delivery is not carried out in accordance with the conditions specified in the procurement documents;
- 2° at any time, when the delivery has not progressed in such a way that it can be fully completed on the due dates;
- 3° when he does not observe written orders, which are given in due form by the contracting authority.

§2 Any failure to comply with the provisions of the procurement contract, including the nonobservance of orders of the contracting authority, is recorded in a report ('process verbal'), a copy of which will be sent immediately to the contractor by registered mail.

The contractor must repair the defects without any delay. He may assert his right of defence by registered letter addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed as acknowledgement of the reported facts.

Any defects detected that can be attributed to the contractor render him liable to one or more of the measures provided for in Articles 45 to 49, 154 and 155.

4.14.2 Fines for delay (Art. 46 and 154)

The fines for delay differ from the penalties referred to in Article 45. They are due, without the need for notice, by the mere lapse of the performance term without the issuing of a report and they are automatically applied for the total number of days of delay.

Without prejudice to the application of fines for delay, the contractor continues to guarantee the contracting authority against any damages for which it may be liable to third parties due to late performance of the procurement contract.

4.14.3 Measures as of right (Art. 47 and 155)

§1 When, upon expiry of the term given in Article 44, §2, the contractor has not taken action or has presented means deemed unjustified by the contracting authority, the contracting authority may apply the measures as of right described in paragraph 2.

However, the contracting authority may apply measures as of right without waiting for the expiry of the term given in Article 44, §2, when the contractor has explicitly recognised the defects found. §2 The measures as of right are:

- 1° Unilateral termination of the procurement contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;
- 2° Performance under regie of all or part of the non-performed procurement contract;
- 3° Conclusion of one or more replacement procurement contracts with one or more third parties for all or part of the procurement contract remaining to be performed.

The measures referred to in 1°, 2° and 3° will be taken at the expense and risk of the defaulting contractor. However, any fines or penalties imposed during the performance of a replacement procurement contract will be borne by the new contractor.

4.15 End of the procurement contract

4.15.1 Acceptance of the services performed (Art. 64-65 and 156)

The managing official will closely follow up the services during performance.

The services will not be accepted until after fulfilling audit verifications, technical acceptance and prescribed tests.

The contracting authority disposes of a verification term of thirty days starting on the final or partial end date of the services, set in conformity with the modalities in the procurement documents, to carry out the acceptance formalities and to notify the result to the service provider. This term commences provided that the contracting authority possesses, at the same time, the list of services delivered or the invoice. Upon expiry of the thirty-day term following the date stipulated for completion of the entirety of the services, depending on the case, an acceptance report or a refusal of acceptance report will be drawn up.

Where the services are completed before or after this date, it is the responsibility of the service provider to notify the managing official by registered letter, and at the same time to ask for the acceptance procedure to be carried out. Within thirty days after the date of receipt of the service provider's request, an acceptance or a refusal of acceptance report will be drawn up, depending on the case.

The acceptance specified above is final.

4.15.2 Invoicing and payment of services (Art. 66 to 72 – 160)

The contractor sends (one copy only of) the invoices and the contract acceptance report (original copy) to the following address: unless indicated otherwise in the Order Form:

Jacqueline Akello
Jacqueline.akello@enabel.be
Financial Controller- Social Protection
Enabel in Uganda
Kakiza road, plot No. 9 Booma, Fort portal City

Only services that have been performed correctly may be invoiced.

Payment for each phase shall be made following the satisfactory provision of the services. The payments shall be made after acceptance of the deliverables at each phase of the assignment as indicated below:

Phases	Payment (%)
Inception report	10
Phase 1 and 2 - Data collection, processing and report writing	50
Phase 3 and 4 - Dissemination and activity closing	40

The contracting authority disposes of a verification term of thirty days starting on the end date for the services, set in conformity with the modalities in the procurement documents, to carry

out the technical acceptance and provisional acceptance formalities and to notify the result to the service provider.

The amount owed to the service provider must be paid within thirty days with effect from the expiry of the verification term or with effect from the day after the last day of the verification term, if this is less than thirty days. And provided that the contracting authority possesses, at the same time, the duly established invoice and any other documents that may be required.

When the procurement documents do not provide for any separate debt claim, the invoice will constitute the debt claim.

The invoice must be in **EUROS**.

Payment shall be made in instalments (progress payments):

Advance payment:

By way of derogation from the foregoing, and in accordance with Articles 12/1 to 5 of the Law of 17 June 2016, inserted by the Law of 22 December 2023 amending the regulations relating to public contracts with a view to promoting access by SMEs to the said contracts, the contracting authority shall pay an advance when the successful tenderer proves to be an SME within the meaning of Article 163, § 3, subparagraph 2, of the Law of 17 June 2016.

The amount of the advance payment is calculated by applying the following percentages to a reference value determined in accordance with Article 12/5 of the Law of 17 June 2016:

1° if the successful tenderer is a micro-enterprise, i.e. an enterprise that employs fewer than ten (10) people and whose annual turnover or annual balance sheet total does not exceed two million euros (2M euro), the percentage to be taken into account is twenty per cent (20%);

2° if the successful tenderer is a small business, i.e. a business that employs fewer than fifty (50) people and whose annual turnover or annual balance sheet total does not exceed ten million euros (10M euro), the percentage to be taken into account is ten per cent (10%);

3° where the successful tenderer is a medium-sized company, i.e. a company employing fewer than two hundred and fifty (250) people and whose annual turnover does not exceed fifty million euros (50M euro) or whose annual balance sheet total does not exceed forty-three million euros (43M euro), the percentage to be taken into account is five per cent (5%).

According to Article 12/5 of the Law of 17 June 2016, the reference value relevant for calculating the advance in a framework agreement is equal to the amount of each order, including all taxes.

The first half of the advance shall be set off against the sums due to the contractor at the first invoice payment. The second half of the advance shall be set off against the sums due to the contractor at the the second invoice payment.

The aforementioned amounts shall be understood as amounts inclusive of value-added tax.

The supplier must provide an **advance bank guarantee** prior to any advance payment.

The amount of the advance will be deducted from the final invoice of each order.

No advance will be paid when implementation duration of an order is less than 60 days.

The advance payment is not the condition nor linked to the start of implementation of services.

4.16 Litigation (Art. 73)

The competent courts of Brussels have exclusive jurisdiction over any dispute arising from the performance of this procurement contract. French or Dutch are the languages of proceedings.

The contracting authority will in no case be held liable for any damage caused to persons or property as a direct or indirect consequence of the activities required for the performance of this procurement contract. The contractor indemnifies the contracting authority against any claims for compensation by third parties in this respect.

In case of 'litigation', i.e. court action, correspondence must (also) be sent to the following address:

5 Procurement procedure

5.1 Type of procedure

This is a Negotiated Procedure without Prior Publication in application of Article 42, §1, al.1er, 1°, a) of the Law of 17 June 2016.

5.2 Publication

3.2.1 Enabel publication

This procurement contract is published on the Enabel website <https://www.enabel.be/content/enabel-tenders>

Such publication constitutes an invitation to tender and a local newspaper publication.

5.3 Information

The awarding of this procurement contract is coordinated by the Contract Service Centre of Enabel in Uganda. Throughout this procedure all contacts between the contracting authority and the (prospective) tenderers about this procurement contract will exclusively pass through this service. (Prospective) tenderers are prohibited to contact the contracting authority in any other way with regards to this contract, unless otherwise stipulated in these Tender Specifications.

Until **10 days before tender submission deadline**, candidate-tenderers may ask questions about these Tender Specifications and the procurement contract. Questions will be in writing to UGA_CSC_CONTRACTS@enabel.be with copy to sheillah.kobusingye@enabel.be with a clear indication in the subject of the e-mail of the procedure reference and the contract title. They will be answered in the order received. The complete overview of questions asked will be available at the address mentioned above as soon as available.

Until the notification of the award decision no information will be given about the evolution of the procedure.

The tenderer is supposed to submit his tender after reading and taking into account any corrections made to the contract notice or the Tender Specifications that are published in the Belgian Public Tender bulletin or that are sent to him by e-mail. To do so, when the tenderer has downloaded the Tender Specifications, it is strongly advised that he gives his coordinates to the public procurement administrator mentioned above and requests information on any modifications or additional information.

In accordance with Article 81 of the Royal Decree of 18 April 2017, the tenderer is required to report immediately any gap, error or omission in the procurement documents that precludes him from establishing his price or compare tenders, within ten days at the latest before the deadline for receipt of tenders.

5.4 Preparation and Submission of Tenders

Preparation of tenders

The tenderer shall prepare separately, the administrative, technical and financial proposals as explained below;

Content of tenders

The tenderer must use the tender form in annexe. In case he does not use this form, he is fully responsible for the perfect concordance between the documents he has used and the form.

The tender and the annexes to the tender form are drawn up in English.

By submitting a tender, the tenderer automatically renounces to his own general or specific sales conditions, even if these are mentioned in any of the annexes to his tender.

The tenderer clearly designates in his tender which information is confidential and/or relates to technical or business secrets and may therefore not be divulged by the contracting authority.

The tender shall contain the following parts:

1. Administrative Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

The Administrative proposal shall respect the following structure:

- Legal identification form
- Financial Identification Form
- Subcontractor form
- Exclusion Criteria Form
- Integrity form
- Technical capacity form
- Financial capacity form
- Articles of Association and Memorandum (as applicable)

At the latest before award, the successful tenderer shall be required to provide the following:

- Tax Clearance Certificate (e.g.; URA, as applicable)
- Social Security Contribution Clearance (e.g., NSSF as applicable)
- An extract from the criminal record in the name of the tenderer (legal person) or his representative (natural person) if there is no criminal record for legal persons (ex. certificate of good conduct from Interpol);

Where a group of economic operators submits the tender, it must include a copy of the following documents for each of the participants in the group:

- Legal identification form
- Exclusion Criteria Form
- Integrity form
- Tax Clearance Certificate (e.g., URA, as applicable)
- Social Security Contribution Clearance (e.g., NSSF as applicable)
- An extract from the criminal record in the name of the tenderer (legal person) or his representative (natural person) if there is no criminal record for legal persons (ex. certificate of good conduct from Interpol)
- The association agreement signed by each participant, clearly showing who represents the association;

In accordance with Article 73 of the Royal Decree of 18 April 2017, where an economic operator wants to rely on the capacities of other entities (particularly subcontractors or independent subsidiaries) for economic and financial capacity criteria and technical and vocational capacity criteria (see 5.6.1 Selection

criteria), it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.

2. Technical Proposal

The technical proposal may be presented in free format. It shall not exceed ten pages, not counting the CVs. It shall respect the following page limit and structure:

- Technical methodology (max. 7 pages)
- Quality management (max. 1 page)
- Project management (max. 1 page)
- Resource management (proposal (max. 1 page) + CVs of experts)

3. Financial Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

Determination of prices

All prices given in the tender form must obligatorily be quoted in EUROS.

This procurement contract is a price-schedule contract, i.e. a contract in which only the unit prices are lump-sum prices. The price to be paid will be obtained by applying the unit prices mentioned in the inventory to the quantities actually performed.

In accordance with Article 37 of the Royal Decree of 18 April 2017, the contracting authority may for the purpose of verifying the prices carry out an audit of any and all accounting documents and an on-site audit to check the correctness of the indications supplied.

Elements included in the price

The service provider is deemed to have included in his unit and global prices any charges and taxes generally applied to services, with the exception of the value-added tax.

The following are in particular included in the prices:

The administrative management and secretariat;

Travel, transportation and insurance;

Documentation pertaining to the services;

The delivery of documents or of pieces related to the performance;

The packaging;

Training required for operation;

Where applicable, the measures imposed by occupational safety and worker health legislation;

Customs and excise duties for equipment and products used;

Validity of tenders

The tenderers are bound by their tender for a period of **120 calendar days** from the reception deadline date.

The validity of the tender will be negotiated, if the deadline stated above is overrun.

5.4.2 Submission of tenders

Without prejudice to any variants, the tenderer may only submit one tender only per procurement contract.

The tenderer submits his tender as follows:

The duly completed and signed tender shall be submitted only by e-mail; uga_csc_tenders@enabel.be and only as attachments and not via a link to a platform.

The files shall be clearly named and structured and **submitted in a compressed zip folder**. The tenderer is solely responsible for the accessibility and legibility of files.

The tenderer shall not submit at the last minute. Untimely submission, incomplete submission or indirect submission of documents that are inaccessible or illegible may lead to the rejection of the tender.

The tenderer shall submit the administrative, technical and financial proposals as separate email attachments. The subject of the e-mail shall clearly mention the **procurement reference number** and the **contract title**, as stated on the cover page of the tender specifications, as well as the **name of tenderer**.

The tender shall be received by the Contracting Authority on **11th October, 2024 , 12:00PM, Kampala time**. Tenders that arrive late will not be accepted. (Article 83 of the Royal Decree on Awarding)

NOTE: Upon the electronic submission of your tender, you will receive an automatic reply from the Enabel contracts service center as confirmation of receipt of your tender.

Incase you don't receive the automatic reply after you submit a tender, please contact Enabel immediately using the email addresses stated under the section on "information" in this tender document or through telephone No. 0393-256-370 as most likely, your tender may not have reached the Enabel servers

5.4.3 Change or withdrawal of a tender that has already been submitted

When a tenderer wants to change or withdraw a tender already sent or submitted this must be done in accordance with the provisions of Articles 43 and 85 of the Royal Decree of 18 April 2017.

To change or withdraw a tender already sent or submitted, a written statement is required, which will be correctly signed by the tenderer or his representative. The subject-matter and the scope of the changes must be indicated in detail. Any withdrawal must be unconditional.

The withdrawal may also be communicated by electronic means, provided that it is confirmed by registered letter deposited at the post office or against acknowledgement of receipt at the latest the day before the tender acceptance deadline.

The subject-matter and the scope of the changes must be indicated in detail.

The withdrawal must be pure and simple.

5.5 Opening and evaluation of Tenders

5.5.1 Opening of tenderers

The opening of tenders will take place on the day of the final date for receiving tenders indicated above. Tenders not received before this time will be rejected. The opening will take place behind closed doors.

5.5.2 Evaluation of Tenders

5.5.2.1 Selection of tenderers

Exclusion grounds

The mandatory and optional exclusion grounds are given in the Declaration on Honour enclosed to these Tender Specifications.

By submitting this tender, the tenderer certifies that he is not in any of the cases of exclusion listed in the Articles 67 to 70 of the Law of 17 June 2016 and the Articles 61 to 64 of the Royal Decree of 18 April 2017.

The contracting authority will verify the accuracy of this Declaration on honour Based on the supporting documents.

Selection criteria

Moreover, by means of the documents requested in the Annexes - Administrative Proposal, the tenderer must prove that he is sufficiently capable, from an economic and financial as well as from a technical point of view, to successfully perform this public procurement contract.

1	Sufficient Economic and Financial Capacity
1.1	Sufficient turn-over
Minimum Standard	Minimum average annual turnover of 24,000 euros during the past three financial years
2	Sufficient Technical and Professional Capacity
2.1	Sufficient experience
Minimum Standard	Minimum of one similar assignment within the scope of the contract which were totally and successfully completed in the last 3 years.
3	Sufficient team with required profile See Point 1.2.1

A tenderer may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which he has with these entities. In that case, the following rules apply:

- Where an economic operator wants to rely on the capacities of other entities, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.
- The contracting authority shall verify whether the entities on whose capacity the economic operator intends to rely fulfil the relevant selection criteria and whether there are grounds for exclusion.
- Where an economic operator relies on the capacities of other entities with regard to criteria relating to economic and financial standing, the contracting authority may require that the economic operator and those entities be jointly liable for the execution of the contract.
- The contracting authority may require certain essential tasks to be carried out directly by the tenderer himself or, if the tender is submitted by a group of economic operators, by a member of the said group.

Under the same conditions, a group of candidates or tenderers may submit the capacities of the group's participants or of other entities.

Regularity of tenders

The tenders submitted by the selected tenderers will be evaluated as to formal and material regularity. Irregular tenders will be rejected.

The contracting authority reserves the right to have the irregularities in the tenderers' tender regularised during the negotiations.

5.5.2.2 Qualitative and financial evaluation of tenders

Negotiation

The formally and materially regular tenders will be evaluated as to content by an evaluation committee. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in the procurement documents. This evaluation will be conducted on the basis of the award criteria given in these Tender Specifications and aims to setting a shortlist of tenderers with whom negotiations will be conducted.

Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The minimum requirements and the award criteria are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.

When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any BAFOs. Once negotiations have closed, the BAFO will be compared with the exclusion, selection and award criteria. The tenderer whose BAFO shows the best value for money (obtaining the best score based on the award criteria given below) will be designated the contractor for this procurement contract.

Award Criteria

The contracting authority selects the regular tender that it finds to be most advantageous, taking account of the following criteria:

- Qualitative award criteria: 70 %;

The tenderer proposes a technical methodology and a project management plan based on the instructions given in the technical specifications. They are subject to evaluation according to the following sub-criteria:

No.	Qualitative Award Criteria	Max. Points: 70																				
1.	Quality of the proposed Technical Methodology	20																				
2.	Quality of the proposed Project and Quality Management	20																				
3.	Quality of the proposed Resource management Management of Experts (selection, development, replacement)	20																				
4	Qualifications of Experts (experience)	10

10+ years	10	7+ years	10																			
9 years	7.5	6 years	6.6																			
8 years	5	5 years	3.3																			
7 years	2.5																					

The evaluation of sub-criterion 4 will take into account the conditions specified in point 1.2.1 of this document. For this sub-criterion, maximum points (10) will be awarded to (all) the team composed of the experience described below in a cumulative manner:

- A Team Leader with 10 or more years' experience in project management, including experience with VR/AR technologies, tourism, or similar fields.
- A Tourism expert with 7 or more years of experience in the tourism industry, with specific experience related to national parks, wildlife conservation, or ecotourism. Previous work on tourism projects involving digital media or VR/AR is a plus.
- A Digital expert with 7 or more years of experience in digital media production, with a focus on VR/AR technologies.

Marks will be deducted in proportion to the years of experience shown on the CVs.

Only tenders with scores of at least 50 points out of 70 points qualify for the financial evaluation.

- **Price: 30 %;**

With regards to the 'price' criterion, the following formula will be used:

$$\text{Points tender A} = \frac{\text{amount of lowest tender}}{\text{amount of tender A}} * 30$$

Final score

The scores for the qualitative and financial award criteria will be added up. The procurement contract will be awarded to the tenderer with the highest final score, after the contracting authority has verified the accuracy of the Declaration on honour of this tenderer and provided the control shows that the Declaration on honour corresponds with reality.

5.6 Award and Conclusion of Contract

5.6.1 Awarding the contract

The lots of the procurement contract will be awarded to the tenderer who has submitted the most economically advantageous tender for the lot.

Notice though that in accordance with Art. 85 of the Law of 17 June 2016, there is no obligation for the contracting authority to award the procurement contract.

The contracting authority may either decide not to award the procurement contract; either redo the procedure, if necessary through another award procedure.

The contracting authority maintains the right to award only a certain lot or certain lots.

5.6.2 Concluding the contract

In accordance with Art. 88 of the Royal Decree of 18 April 2017, the procurement contract occurs through the notification to the selected tenderer of the approval of his tender.

Notification is via e-mail.

So, the full contract agreement consists of a procurement contract awarded by Enabel to the chosen tenderer in accordance with:

- These Tender Specifications and its annexes;
- The approved BAFO of the contractor and all of its annexes;
- The registered letter of notification of the award decision;
- Any later documents that are accepted and signed by both parties, as appropriate.

In an objective of transparency, Enabel undertakes to publish each year a list of recipients of its contracts. By introducing his tender, the successful tenderer declares that he agrees with the publication of the title of the contract, the nature and object of the contract, its name and location, and the amount of the contract.

Declaration on honour – exclusion criteria

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare that the tenderer does not find himself in one of the following situations :

1) The tenderer or one of its 'directors[1]' was found guilty following a conviction by final judgement for one of the following offences:

1° involvement in a criminal organisation

2° corruption

3° fraud

4° terrorist offences, offences linked related to terrorist activities or incitement to commit such offence, collusion or attempt to commit such an offence

5° money laundering or terrorist financing

6° child labour and other trafficking in human beings

7° employment of foreign citizens under illegal status

8° creating a shell company.

2) The counterparty which fails to fulfil his obligations relating to the payment of taxes or social security contributions for an amount in excess of EUR 3 000, except if the counterparty can demonstrate that a contracting authority owes him one or more unquestionable and due debts which are free of all foreseeable liabilities. These debts are at least of an amount equal to the one for which he is late in paying outstanding tax or social charges.

3) The counterparty who is in a state of bankruptcy, liquidation, cessation of activities, judicial reorganisation or has admitted bankruptcy or is the subject of a liquidation procedure or judicial reorganisation, or in any similar situation resulting from a procedure of the same kind existing under other national regulations;

4) When Enabel can demonstrate by any appropriate means that the counterparty or any of its directors has committed serious professional misconduct which calls into question his integrity.

Are also considered such serious professional misconduct:

a. A breach of Enabel's Policy regarding sexual exploitation and abuse – June 2019

b. A breach of Enabel's Policy regarding fraud and corruption risk management – June 2019

c. A breach of a regulatory provision in applicable local legislation regarding sexual harassment in the workplace

d. The counterparty was seriously guilty of misrepresentation or false documents when providing the information required for verification of the absence of grounds for exclusion or the satisfaction of the selection criteria, or concealed this information

e. Where Enabel has sufficient plausible evidence to conclude that the counterparty has committed acts, entered into agreements or entered into arrangements to distort competition

The presence of this counterparty on one of Enabel's exclusion lists as a result of such an act/agreement/arrangement is considered to be sufficiently plausible an element.

- 5) When a conflict of interest cannot be remedied by other, less intrusive measures;
- 6) When significant or persistent failures by the counterparty were detected during the execution of an essential obligation incumbent on him in the framework of a previous contract, a previous contract placed with another contracting authority, when these failures have given rise to measures as of right, damages or another comparable sanction.

Also failures to respect applicable obligations regarding environmental, social and labour rights, national law, labour agreements or international provisions on environmental, social and labour rights are considered 'significant'.

The presence of the counterparty on the exclusion list of Enabel because of such a failure serves as evidence.

- 7) Restrictive measures have been taken vis-à-vis the counterparty with a view of ending violations of international peace and security such as terrorism, humanrights violations, the destabilisation of sovereign states and de proliferation of weapons of mass destruction.

The counterparty or one of its directors are on the lists of persons, groups or entities submitted by the United Nations, the European Union and Belgium for financial sanctions:

For the United Nations, the lists can be consulted at the following address:

- 8) << If Enabel executes a project for another funder or donor, other grounds for exclusion may be added.

Integrity statement for the tenderers

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither members of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.
- The board members, staff members or their partners have no financial or other interests in the businesses, organisations, etc. that have a direct or indirect link with Enabel (which could, for instance, bring about a conflict of interests).
- I have / we have read and understood the articles about deontology and anticorruption included in the Tender Documents (see 1.7.), as well as *Enabel’s Policy regarding sexual exploitation and abuse* of June 2019 and *Enabel’s Policy regarding fraud and corruption risk management* of June 2019 and I / we declare fully endorsing and respecting these articles.

If above-mentioned public contract is awarded to the tenderer, I/we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the public contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the abovementioned advantages appreciable in cash.
- Any failure to comply with one or more of the deontological clauses will be considered as a serious professional misconduct which will lead to the exclusion of the contractor from this and other public contracts for Enabel.
- The public contractor commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure.

Finally, the tenderer takes cognisance of the fact that Enabel reserves the right to lodge a complaint with the competent legal instances for all facts going against this statement and that all administrative and other costs resulting are borne by the tenderer.
